Broadside Is Loosed At President Wilson For His "Autocracy"

Attack Made by McCombs, Democratic National Chairman From 1912 to 1916 and Managed Wilson 1912 Campaign.

DENIES WILSON'S RIGHT TO PARTY LEADERSHIP

McCombs Says President Has No More Right to Call Himself Leader Than Has Justice White, Champ Clark or Vice President Marshall.

Chicago, June 21.—William F. McCombs, chairman of the democratic national committee from 1912 to 1916, and manager of President Wilson's 1912 campaign, issued a statement here tonight before leaving for San Francisco attacking what he characterized as the president's autocratic assumption of authority.

President Wilson, he said, has no more right to call himself leader of the democratic party, "a conception heretofore never entertained by any American," than has Chief Justice White, former Speaker Champ Clark or Vice President Thomas R. Marshall.

Mr. McCombs announced that arrangements had been made to obtain for him a seat in the New York delegation, if he decides to take the floor at San Francisco. The New York delegation, he predicted, will throw its support to Governor James E. Cox, of Ohio, after casting a complimentary vote for Governor Smith. He added that he believed a westerner, possibly from the Pacific slope, will be nominated for vice president.

Statement of McCombs.

His statement in part follows:

"They tell me that America has pledged its word to Europe and that this word must be redeemed in the process of a national campaign. In my belief America has pledged itself to nothing. One individual, speaking as such, permitted Europe to believe that he spoke for a nation, for in the last analysis he was nothing more than a self-appointed emissary. Nevertheless, America is asked to validate this signature affixed abroad, a signature which apparently was accepted in good faith by all the European peoples as absolute.

"The president negotiates a treaty, but the senate may or may not concur by two-thirds majority. In this particular instance there has been no concurrence.

"Other nations may want a league of nations and it may be that we do, but we do not want to commit ourselves to the league of nations as it was brought back from Paris. It is an international issue, but it is a highly debatable question as to what importance it should have in a national campaign. Ultimately, it is a question for the president and the senate to settle.

For Home Reconstruction.

"The statement then declares for reconstruction at home, rehabilitation of railway and internal water transportation, and for solution of the high cost of living, "wholly apart from any international affiliations," the statement continues:

"When the great war broke out in 1914, naturally America was more or less dazed, and was willing to accept any kind of leadership which might draw it through a possible difficulty. In this moment the chief executive again reported that he was the leader of his party, a conception theretofore never entertained by an American. As well might the chief justice of the United States, Mr. White, a democrat, have made the same proclamation. So might the speaker of the house of representatives, Champ Clark. So might the vice president, Mr. Marshall, constitutional president of the senate. But America was concerned with great issues, and paid no attention to what appeared to be a detail.

Return to True Democracy.

"It was in such manner that for the first time in the history of this country autocracy came into being. It was an autocracy which was questioned by virtue of necessity. But this unhappy hour has passed and at San Francisco we again return to true democracy regardless of place holders and pot hunters. We have finished with the fine phrases. This country is determined to act in accordance with its unfailing sense of justice. The indignities of autocracy will never again be accepted by this nation. This is a fundamental and no confusion will be brought about by diplomatic or financial machinations."

TREASURER ARRESTED FOR ROBBING CHURCH

Baton Rouge, La., June 21.—M. B. Cotton, treasurer of the First Christian church of Baton Rouge, was arrested in Chicago on information furnished by the Baton Rouge authorities, according to a telegram received by Sheriff Day this morning. Mr. Cotton is alleged to have embezzled $1,000 of the funds belonging to the First Christian church. Cotton was on his vacation when the alleged shortage was developed through bills being presented which the church authorities had thought paid.

Cotton was employed in one of the hardware stores of Baton Rouge, and was highly regarded.

SOLONS GATHERING FOR 1920 SESSION

First Step Taken, After Organization, Will Be to Provide for Per Diem of Legislators.

Additional members of the general assembly, which meets Wednesday morning, came in yesterday and small groups of two or three could be seen about the capitol and in the Kimball house lobby discussing the political situation and the coming session. The great majority of the membership is not expected to arrive until today, however, when every incoming train will bring more solons into town until by night the usual throng will fill the Kimball house and the space about it.

Members of the house should come prepared to gather in their hall at 9 o'clock Wednesday morning, Atlanta time, that being 10 o'clock Barnes time, which last year was made the official time of the state. Speaker John N. Holder said Monday that, according to his interpretation of the law, he would have to call the house together at 9 o'clock Central time. He had not yet had time to confer with President Sam Olive, of the senate, about the hour of convening, he said, and he would see the senate president before making a final announcement on the subject.

House to Fix Time.

After the first day, the speaker added, the house could fix the time of meeting each day at any hour it chose, but he believed that both houses would have to meet the first day at 9 o'clock, as neither he nor the president of the senate had any authority to change the law of the state.

The first business before the house will be the election of a speaker pro tem. to take the place of Representative John W. Bale, of Floyd, who resigned to accept a position with the United States government. As there are only two candidates in this race, however, there will be only one ballot needed, and it is not expected to take long to decide it.

The candidates are Representatives J. Herman Milner, of Dodge county, and L. C. Brown, of Clarke. Both candidates have numerous friends in the house who are working hard in their behalf, and each feels confident of his election.

Mr. Milner has made a high mark as one of the younger members of the house, in spite of the fact that he was prevented from attendance during nearly the whole of last session by a severe attack of typhoid fever. He is well known throughout the state, both in and out of the legislature. Mr. Brown has had the benefit of several terms in the house, and is also well known.

Will Provide Own Pay.

It is expected that a resolution will be introduced on the first day of the session providing for the payment of the per diem of legislators out of the motor vehicle fund, if the condition of the treasury requires it. As grave doubt has been expressed as to the legality of the appropriation of this fund to any other than highway construction, the resolution may be framed so as to authorize the governor to lend

McAdoo Denies Understanding With Wilson

Former Secretary Says He Doesn't Know What President Is Doing and Latter Is Ignorant of McAdoo's Plans.

New York, June 21.—William G. McAdoo gave out a new statement today. It was prompted by reports that he and President Wilson had been in working contact on the political situation, following the president's interview with The New York World and the McAdoo letter of withdrawal which followed on its heels.

Mr. McAdoo says emphatically that there isn't a word of truth in the rumor, that he doesn't know what the president is doing, and that the president is equally in the dark as to the former secretary of the treasury's movements.

"In order to set at rest absurd rumors and speculations which have been published to the effect that my letter of withdrawal had some relation to the president's World interview or carried a concealed purpose," he declared, "I wish to say first, that I knew nothing whatever of the president's interview until I saw it in the papers, and, second, that the president knew nothing whatever of my letter of withdrawal until he saw it in the public prints."

Some speculation was caused by the fact that the president's interview, which strongly demanded an unequivocal stand on the league of nations issue, was printed Friday morning, and it was only twenty-four hours afterward that Mr. McAdoo, in his telegram of withdrawal, asked that the democratic party adopt practically the same formula as that urged by Mr. Wilson.

NON-PARKING ZONE EXTENSION VOTED BY CITY COUNCIL

Several Additional Streets in Down-Town Atlanta Will Be Barred to Remedy Traffic Congestion.

POLICE WILL ENFORCE "JAY WALKING" LAW

Night Swimming Meets With Favor—Dr. W. M. Etheridge to Represent Fifth Ward.

Extension of the downtown non-parking zone to include several additional blocks was voted unanimously by city council Monday afternoon to further remedy Atlanta's traffic congestion. Left-hand turns by vehicles at the corner of Whitehall and Alabama streets were made unlawful, and a resolution offered by Alderman Harry Goodhart was adopted requesting the board of police commissioners to demand from the police department rigid enforcement of the "jay walking" ordinance, all these measures being aimed at better traffic conditions.

Night swimming until 9:30 o'clock at the five municipal pools was authorized, Councilman C. T. Bailey, ex-officio member of the park board, being the author of a resolution which he introduced asking this privilege for the public and requesting an appropriation of $3,000 to install and maintain electric lights at the pools.

Etheridge Elected.

Following a contest between Alderman C. R. Garner and Councilman J. A. Couch, of the fifth ward, over the nomination of a successor to Dr. J. B. Golden, resigned, as councilman from the fifth, Dr. W. M. Etheridge, nominated by Councilman Couch, was elected, defeating his opponent, Foster L. Hunter, nominated by Alderman Garner, by a vote of 26 to 4.

The non-parking zone extension covers the following streets:

Whitehall, from Mitchell to Trinity avenue; South Pryor, from Mitchell to Trinity avenue; East and West Mitchell streets, from South Pryor to Madison avenue; James street, from Peachtree to Spring. Councilman J. C. Murphy, of the eleventh ward, who was author of the non-parking ordinance now in effect, introduced the amendment adopted Monday.

Alderman W. S. Richardson offered an amendment which council accepted making Spring street non-parking between Marietta street and the W. & A. depot.

Another amendment was introduced by Councilman Al Martin to extend the non-parking territory on Hunter street, from Pryor to Central avenue, and on Central avenue to the railroad. This was referred to the ordinance committee.

After six days under the law barring vehicles from the central streets, councilmanic disposition is toward legislation that will clear an even larger area on the important streets.

Barring Left Hand Turns.

Barring of the left hand turn at the corner of Whitehall and Alabama streets was authorized as an experiment to see whether or not traffic regulation at street intersections might not be improved. Vehicles on Alabama street going east, if their occupants desire to reach Five Points, will have to turn into Broad street or continue straight across Whitehall to South Pryor street, thence across the railroad tracks at the Union station. The purpose of eliminating the left hand turn is to prevent interruption of east and west, north and south traffic by vehicles making a left hand turn from one street to another.

Council passed a resolution introduced by Councilman A. J. Orme directing the chief of construction to immediately erect signs designating the non-parking streets. The traffic measures will be presented to the mayor for his signature this week, and will become effective as soon as he affixes it.

A resolution was adopted instructing City Attorney James L. Mayson to apply to the Georgia railroad commission for an order directing the Georgia Railway and Power company to resume its practice of making 200-foot free extensions of electric wires to its customers who have their houses wired. An order will also be asked compelling the company to refund money collected from consumers for these extensions made within the past ten days, during which time the company has refused free service, in violation of its contract with the city, according to City Electrician R. C. Turner.

WILSON'S HEALTH BARS NOMINATION FOR A THIRD TERM

Kansas City, June 21.—President Wilson's nomination for a third term was declared to be an impossibility, because of the condition of the president's health, in an interview given out by Jouett Shouse, third assistant secretary of the United States treasury.

"No real friend of the president regards his nomination as a possibility," said Mr. Shouse, who is on his way to the democratic national convention in San Francisco. "If he had now the strength and vigor that he had in 1916, his nomination for a third term might be considered a probability. But his friends know he is not in good health.

"There was not the slightest collusion between the statement of President Wilson Friday morning and the withdrawal of McAdoo Friday afternoon."

Lightning Kills Woman.

Chattanooga, Tenn., June 21.—Mrs. Hicks, wife of a prominent farmer of Polk county, was killed by lightning at her home near Benton this morning. Lightning struck the Hicks home and ran down the chimney into a room where Mrs. Hicks was standing.

PALMER IS LEADING IN DEMOCRATIC RACE; COX A CLOSE SECOND

The Race Between Them Is Neck and Neck and May Result in Deadlock That Will Give Dark Horse a Chance.

NO INSURGENTS NEED APPLY TO CONVENTION

Predicted That Stovall-Randolph Delegation Will Be Seated From Georgia and That Senator Reed, of Missouri, Will Be Barred.

BY JAMES A. HOLLOMON,
Staff Correspondent of The Constitution.

San Francisco, Cal., June 21.—(Special.)—Tonight, one week before the opening gavel falls upon the democratic national convention, finds four outstanding facts definitely developed.

First, that the two leading candidates for the nomination for president in their order are Attorney General Palmer, of Pennsylvania, and Governor Cox, of Ohio.

Second, that the convention will be overwhelmingly pro-administration, but absolutely unbossed by white house dictation.

Third, that the platform will be distinctive, outspoken and unequivocal on all the big constructive issues of the party, with the league of nations paramount.

Fourth, that women citizens will be recognized as a potential factor in the body politic, and will be dealt with on as nearly a 50-50 basis as practicable.

If the convention should meet tomorrow and the nomination should be made by a majority rule instead of a two-thirds rule, Palmer would be the nominee. He has more delegate votes to his credit, after the preliminary favorite son compliments, than any other one candidate, with Cox a close second. They are, therefore, by common consent, the leading convention eve candidates—just as were Wood and Lowden at the republican convention in Chicago. They will be the leading candidates on the first two ballots.

Delegations for Palmer.

Palmer will appear with Pennsylvania's 76 votes solid, Georgia's 28 solid, Iowa's 26 solid after the first ballot, with strong following in South Carolina, Texas, Michigan, Tennessee, Colorado, Utah and several midwestern states, including Oklahoma after the elimination of Owen.

Cox has Ohio solid, part of New York, part of Illinois, Indiana and a distinctive following in all of the states known to be in favor of a wet issue. Cox will not seek to become a "wet" candidate; on the contrary, avoid it. As yet, by appraisement he has become known as such; certainly since it is recognized that Edwards will be only a negligible figure before the convention.

On the other hand, Palmer will not seek to capitalize his prohibition record, and yet, by the same pre-convention appraisement, he has been instinctively accepted as a "dry" candidate.

With the two-thirds rule prevailing and a long list of popular war horses of the "old guard" type to be placed before the convention, as, for instance, Champ Clark, of Missouri, and Vice President Marshall, of Indiana, it is not improbable, with the neck-and-neck race that has definitely developed between Palmer and Cox as the two leaders, that a deadlock may ensue, as at Chicago, and a dark horse finally win the nomination. That, however, is speculation based on a condition that may or may not develop.

As to Dark Horses.

Just who the dark horse would most likely be in such an eventuality is problematical. It would not be Champ Clark, however strong may be the personal friendships for him in the pit. Clark is accredited with statements that would subject him to target fire to a marked degree. It is not believed it could be Marshall. Also it will not go to the south. However plausible may be the theory that the south should furnish a democratic president, it is not considered wise in this year of new and untried political conditions to experiment or to break precedents. It would not go to Colby. He is too new a recruit in the democratic fold. Davis, of West Virginia, is a plausible thought, and so is Cummings, of Connecticut. The fact that Smith, of New York, is a Catholic would eliminate him. Payne, of Illinois, is not an improbability.

With all of this scanning the dark entries, however, the fact remains that Palmer is the leading candidate tonight, and will be at the opening of the convention, with the Ohio executive a neck-and-neck second. There is no disputing that fact. It is a correlative fact, also, that Palmer is the leader as against the field. He is the growing target of a concentrated fire.

Insurgents Are Doomed.

That insurgency will be practically an unknown factor in the convention is established by a poll today of all the old-time party leaders who know the complexion of their respective deelgations. There will be a terrific fight on Reed, of Missouri, as a district delegate, with strong indications that he will not be seated over the protest of the Missouri state convention.

The regular delegation from

'BABY BOND' PLAN WINS IN COUNCIL

Legislature Will Now Be Asked for Constitutional Amendment — Many Elections Are Decided.

Councilman J. R. Nutting's "baby bond," or "ten-year paving plan," was adopted Monday by city council, and the Georgia legislature will be asked for the passage of a constitutional amendment making the plan effective.

The Nutting plan is to give authority to municipalities of 150,000 population or more to issue street paving bonds without submitting the question to voters at a special bond election. The paving cost would be assessed against the property owners and the street car company on streets where tracks are laid, and the property owners would be allowed to pay the bond assessment in ten consecutive installments. City council could authorize any necessary paving and charge the cost against the property owners and the street car company, provided it had tracks on the thoroughfare.

Council adopted a proposed charter amendment changing the time of paying city taxes to the following dates: First installment, May 1 to 15; second installment, July 1 to 5, and third installment, October 1 to 15.

The proposition of the Southeast Nu-Fuel company to dispose of Atlanta's garbage was returned to council with the indorsement of the finance committee and the board of health. The proposal was referred back to the finance committee for investigation of the contract.

S. S. Selig, Jr., was elected as a member of the library board from the second ward, and W. W. Gains was named a member from the third ward. John M. Owens was elected a member of the water board from the sixth, and Dr. W. E. Barber a member of the Grady trustees.

S. A. Wardlaw, elected as councilman from the first ward, was sworn in. Dr. W. M. Etheridge, who was elected to represent the fifth, was also sworn in.

A resolution was passed permitting the Atlanta Chamber of Commerce to pay a nominal realty tax of $750. An amendment to the tax ordinance introduced by the tax committee was adopted imposing a tax of $10 a month on "movable grocery stores." These are defined as stores for the sale and delivery of groceries.

SEISMIC SHOCKS AT LOS ANGELES

Buildings Were Shaken So Severely That the Occupants Fled in Terror—Little Damage.

Los Angeles, Cal., June 21.—An earthquake shook the city at 6:47 his afternoon.

Several buildings were reported to have been slightly damaged.

Bricks falling from a building at Sixth street and Grand avenue, injured a man passing by.

Office buildings were shaken so severely that many of their occupants fled from them.

The shock was felt in Long Beach, San Pedro, Santa Monica and Redondo Beach, according to reports to the Pacific Telephone and Telegraph company. Whittier, Covina, and other inland points reporting they had not noticed the quake.

A slight earth tremor was felt here Friday morning.

Officials of the fire and public works departments half an hour after the shock, said no serious damage had been reported.

Several cracks were made in the walls of the city jail, off by the earthquake.

Two walls of an electric light and power station at Inglewood were shaken down and a motion picture theater, a bank and a furniture store were damaged.

The principal damage in Los Angeles and other surrounding towns, according to reports, was caused by the shaking down and breaking of ornaments in homes.

The portion of Los Angeles receiving the most severe shaking was the southwest residential section, which is that nearest Inglewood.

SOUTHERN RAILROADS SHOW NET BALANCE

Washington, June 21.—Railroads in the eastern and western classification territories sustained a deficit in net income in April, but the roads in the southern territory had a net balance of $2,388,913 after paying all expenses, according to a partial summmary of operating revenues and expenses, made public today by the interstate commerce commission.

Operating revenues in the eastern district were $127,080,772, and operating expenses $123,157,076. In the southern district operating revenues were $70,025,994, and operating expenses $65,619,155, and in the western district operating revenues were $131,768,979, and operating expenses $124,562,554.

Payments of taxes and other fixed charges not include in operating expenses wiped out the operating income of the eastern and western roads and decreased the net balance of the southern roads.

LIQUOR AND LEAGUE TO HOLD SPOTLIGHT AT SAN FRANCISCO

Fight Over Booze Will Be Even More Spectacular Than That Over the League.

BRYAN WILL BATTLE FOR BONE DRY PLANK

But He Will Be Stoutly Opposed--Claimed There Is Popular Demand That State's Rights Apply to Beer Restrictions.

San Francisco, June 21.—With the opening of the democratic national convention a week away, a stir of activity was noticeable about hotel headquarters today in addition to the preliminary work at the auditorium where the delegates will gather.

It took the form of informal discussion between national committee members and state leaders on the ground, devoted chiefly to anticipate struggles with platform building. There was virtually no talk as to presidential candidates.

A plain intimation ran through a current of platform talk that proposals to modify the federal prohibition enforcement act were expected by some of the democratic war horses to share honors with, if not to eclipse the league of nations issue. Nobody had any direct statement to make nor would anybody talk for publication. Some of the men who will have a hand in shaping the party's declaration of principles, however, talked much privately of a popular demand that the doctrine of states' rights should apply to beer restrictions.

Fierce Fight Coming.

Taken in connection with the announced purpose of W. J. Bryan to resist any weakening of prohibition enforcement measures, talk brought to the surface the feeling of prominent democrats already here, that a fierce battle on the point in the resolutions committee was not to be avoided. They believed also that ultimately the question would be fought out on the convention floor.

Discussions of the league plank apparently awaited the arrival of Senator Glass, of Virginia, slated to head the resolutions committee, and coming direct from a conference with President Wilson. The contest over the league issue already has been sharply defined in the conflicting views of the president and Mr. Bryan.

The name of Senator Walsh, of Montana, was injected into the discussion today of the probable permanent chairman of the convention. The Montana senator was mentioned by a number of leaders in a tentative way, although others said that they believed Secretary Colby, of the state department, would be the man urged by administration forces, despite his statement that he was not a candidate for the post.

Fight Over Reed and Georgia.

A night session may follow the first session of the democratic national convention which opens here next Monday. Homer Cummings, chairman of the national committee, announced here today.

Before that time the national committee, which meets June 25, will have disposed of the prospective contest over the seating of United States Senator James A. Reed, of the fifth (Kansas City) district of Missouri, and the contest over the seating of the twenty-eight delegates from Georgia. The committee will act upon these in connection with its work of making up a temporary roll and contests may be carried to the credentials committee and even to the floor of the convention.

"No documents have been filed in behalf of Senator Reed," said Mr. Cummings, "but a large number of telegrams of protest received from Missouri assure a contest in case credentials are filed for him."

Party leaders assured that Senator Reed's case will rest upon the contention that the Missouri state convention's action in referring the selection of Reed as a delegate back to the fifth district convention makes the renaming of Reed by the district convention mandatory. The senator's opponents will hold, it is said, that the state convention's rejection of Reed by a decisive vote should govern and that the alternate named by the district and ratified by the state body should be seated.

May Abandon Two-Thirds Rule.

There was a possibility of abandoning the requirements for a two-thirds majority in the convention to nominate a candidate and of the unit rule, by which a state's ballots are voted en bloc. Mr. Cummings said the two-thirds majority was an "ancient party custom" that could be overturned only by specific affirmative vote. The unit rule depends upon the instructions given each state delegation.

"The national committee's meetings will be open "to begin with, at least," Mr. Cummings said, although the body may vote to go into executive session at any time.

No delegations have put in an appearance yet except for a state leader here and there, coming ahead to arrange accommodations for his associates and to look over the ground and pick up ideas from men from other sections of the country. There is little about the city as yet to indicate that it is to play host to its first national political convention next week. The wires were busy during the day, however, with reports of delegations getting under way from the eastern seaboard and every arriving train added to the group of figures in democratic circles slowly assembling about headquarters of the national committee.

Battling Factions Making Shambles Of Londonderry

WAR DEPARTMENT MAY INVESTIGATE ATTACK ON JAIL

College Park Authorities Determined on Punishment of Soldiers Who Rescued Comrade.

RIGID PROBE PROMISED BY JESSUP OFFICIALS

Men Guilty of Serious Offense and If Identified Will Be Severely Punished, Say Officers.

Incensed by the action of more than a score of soldiers who invaded College Park late Sunday night, attacked and badly damaged the jail, and rescued a comrade, Private W. L. Pickelheimer, who had been twice arrested on charges of using profane language in the presence of women, officials of the Atlanta suburb stated last night that a thorough investigation will be made, and that if necessary an appeal will be made to the war department.

Mayor S. A. Johnson told a Constitution reporter that College Park was thoroughly aroused over the action of the soldiers and that every possible step would be taken to see to it that the guilty men were properly punished.

Determined on Action.

"Our citizens are determined on a searching investigation and we believe that it will not be hard to find the men who participated in the raid. We have been given assurance of full co-operation by the officials of the camp and we are going to expect them to live up to their every promise, or the entire matter will be taken up with the war department at Washington. We will not tolerate rowdyism and law breaking on the part of either civilian or soldier."

Mr. Johnson declared that there were several citizens who witnessed the jail delivery and who have stated that they could identify a number of the men in the party. They have also told the mayor that a number of shots were fired by boys in khaki. These citizens

New High Record For Food Budget Of U.S. Families

Recent Advances in Cost of Flour, Sugar and Potatoes Are Responsible.

Washington, June 21.—The food budget of the average American family attained a new high record in May, the department of labor announced today, the cost of 22 articles of food used in making up the "retail food index" having increased 3 per cent over the total cost in April and 7 per cent as compared with January. Recent increases in the cost of sugar, flour and potatoes largely accounts for the group increase, the monthly review says.

"Since food forms more than 38 per cent of the total budget of the workingman's family," the statement continues, "the cost of living can scarcely be expected to decline noticeably so long as food prices continue to advance."

In comparison with the April figures, today's review shows sugar has advanced 26 per cent, corn meal 14 per cent, flour 7 per cent and potatoes 5 per cent.

During the year period from May, 1919, to May, 1920, the greatest increase—22 per cent—was shown in Springfield, Ill. The next largest increase, of 21 per cent, was in Butte and Chicago. In Indianapolis, Peoria, St. Paul and Salt Lake City the average family expenditure for the twenty-two food articles increased during the year 20 per cent; in Cincinnati, Cleveland, Detroit, Houston, Kansas City, Minneapolis, Omaha, St. Louis and San Francisco, 19 per cent; in Atlanta, 18 per cent; in Little Rock, Los Angeles, Milwaukee, Mobile and Portland, Ore., 17 per cent; in Dallas and Fall River, 16 per cent; in Jacksonville, Manchester, New Haven, New York, Providence, Rochester, Scranton and Seattle, 15 per cent; in Birmingham, Boston, Bridgeport, Philadelphia and Richmond, 14 per cent; in Buffalo, Columbus, Louisville, Memphis, Newark, Pittsburg and Portland, Me., 13 per cent; in Denver, 12 per cent; in Charleston, New Orleans, Norfolk and Washington, 11 per cent, and in Baltimore, 10 per cent.

Wholesale prices also advanced during May, the department's review shows, the "index" in this case being 2½ per cent over that of April.

"The group of fuel and lightings materials again showed the best example of price increase," the statement says, "due mainly to the sharp advance in both hard and soft coal and coke. The index number of this group rose from 213 in April to 235 in May."

Nationalists and Unionists Still Fighting in Streets of Irish City and Casualties Heavy.

AUTHORITIES UNABLE TO HANDLE SITUATION

Plenty of British Troops in City, But They Fail to Stop Fighting—Rioters Even Fire on Troops.

Dublin, June 21.—With armed bands battling for control of Londonderry, and the entire city in the grip of lawless elements, a state of civil war exists that may be ended only by the proclamation of martial law—and perhaps not then.

The authorities are apparently powerless, business is completely paralyzed. Murder, looting and incendiarism stalk through the streets, while citizens hide within their homes or attempt to flee the county.

It is rumored, however, that two events are impending that may end the period of outlawry. Martial law may be proclaimed at any moment, as soon as the authorities feel they are powerful enough to enforce it. The second is the rumored mobilization of northern Ulster volunteers, preparing to make a forced march to Londonderry to quell the rioting.

Workmen dare not go to their shops for fear of being held up, as many of them have been in the last twenty-four hours; postmen refuse to attempt to deliver the mails; citizens hesitate to approach the dead and wounded for fear of snipers.

Several more deaths were reported today, and it is known that scores were wounded in the desperate fighting which took place this morning between unionists and Sinn Feiners.

Soldiers Are Helpless.

The soldiers are absolutely unable to cope with the situation. As soon as they rush into one danger zone and clear it of factional disturbances, the riot breaks out in another quarter.

Intermittent revolver and rifle fire is heard everywhere, and almost incessantly. Some of the Sinn Feiners are armed with service rifles of an army pattern, issued to them by their leaders. A dozen such raiders made a determined attack upon a body of troops at noon, and as a result more casualties are reported.

In one case the police were victorious, when they frustrated a massed attack launched against a mail train from Dublin.

With this situation confronting the government, the railways may be closed down by recalcitrants at any moment. In that event, it is understood that the government plans to maintain a communication system by means of military motor trucks.

The body of a man riddled with bullets was discovered this afternoon floating down the river.

Today's addition to the number of troops reaching Ireland was 700 men, with material with which railroad men and dock workers refused to handle. The supplies were unloaded at Dublin by troops.

Londonderry, June 21.—Rioting was renewed in this city this morning and resulted in one person being mortally wounded and two seriously hurt. Rifle and revolver firing was almost continuous, and as the people feared to venture out to work business was at a virtual standstill.

The mob this mornin openely fired on the troops. At 1 o'clock

C. F. von HERRMANN,
Meteorologist, Weather Bureau.

this afternoon the rioting was still in progress.

One of the men wounded in yesterday's fighting between unionists and nationalists died today, bringing the number of deaths for the present outbreak of party strife up to six.

From 2 to 5 o'clock this morning there was intermittent firing in many parts of the town. Between 5 and 7 o'clock three unionists were shot, one of whom was thrown into the river. Thereupon a large body of unionists charged down Carlisle street, firing volley after volley toward the Sinn Fein stronghold in Bridge street. The Sinn Feiners returned the fire.

The two sides maneuvered between the streets, keeping up a fusilade most of the day. Troops with an armored car broke up the fighting temporarily at 10 o'clock this morning. When the troops appear at one place, however, fighting breaks out at another. More troops are being sent to the scene of the rioting.

Barricades Erected.

In a section of the waterfront, where the rioting has been most severe, barricades of sandbags were being erected by troops this afternoon. The soldiers will remain on duty during the night.

At one time the military were obliged to fire on a nationalist crowd at William street, but no casualties have been reported.

Mails were taken to the Great Northern station under an armed police escort. Masked raiders attacked a freight train arriving at the same terminus, but made no attempt to tamper with the mails.

Large Union Jacks floated throughout the day from both ends of the Carlisle bridge and in other unionists districts.

The inquest into Sunday's victims was formally opened today, but adjournment for a week was taken.

Belfast, June 21.—Another man was shot dead in Londonderry this evening. Harold McKay was the victim. He was cycling from the railway station when struck. His pocke swere rifled and his bicycle was stolen as he lay dead.

He was the son of Marshall McKay, governor of "The Apprentice Boys," a Protestant organization, with ramifications in Canada and Australia.

AUTHORITIES SEEM TO BE POWERLESS.

London, June 21.—Civil war conditions prevail in Londonderry and the authorities are powerless, it is declared in an Exchange telegraph dispatch from Londonderry this afternoon. Several additional persons were killed in this morning's rioting there, according to this message. The firing is being maintained with desperate intensity. Business is suspendbd and the postmen are declining to deliver mail.

When the troops stop the fighting in one zone, the dispatch adds, firing breaks out in another.

A message from Londonderry to the press association, timed 9:50 p. m., repor s the city quiet at that time. The military is in charge of the streets.

In addition to the killing of the man named McKay, the message says, scores of persons were wounded in today's firing.

Dispatches Delayed.

Dispatches from Ireland are evidently undergoing heavy delays. Telegrams o the news agencies filed at midday occupied five hours in transmission. They confirm that the normal life of the city has been suspended in Londonderry, all vehicles have been withdrawn from the streets and shops and banks are closed. The quays being under fire, employees have been obliged to cease work there and seek their homes. Thousands of fac ory girls, likewise, during the firing, were seen fleeing terrified along the streets

No mails were delivered today. Organized groups of men were observed kneeling and firing volleys at the word of command.

Plans for a motor lorry transport system covering the whole of Ireland in case the trouble over he handling of troop and munition trains results in a general strike have been worked out by the government. It promises as efficient a system of ransport as was inaugurated during the railway strike in England.

STOP THE JAPANESE CRIES CALIFORNIA

Governor Stephens Appeals to Washington. He Says Influx of Orientals Is Alarming.

Sacramento, Cal., June 21.—The influx of Japanese into California has brought about "alarming" conditions, and it has become necessary to protect the sovereignty of the state against this "growing menace" through diplomatic negotiations or a strict exclusion act, Governor William D. Stephens said in a letter addressed to Secretary of State Colby today.

Governor Stephens expressed the hope in the letter that the initiative measure now being projected in the state to deny Asiatics the right to all land purchases or leaseholds would be adopted by the electorate by an overwhelming majority. While California harbors no animosity against the Japanese people, he said, the state does not wish them to settle within her borders and to develop a Japanese population in her midst. He asks that immediate negotiations be entered into with the empire of Japan to make impossible any further "evasion" of existing immigration agreements and to make such agreements as rigorous as possible

Says Population Grows.

"Twenty years ago our Japanese population was nominal," the letter said. "Ten years ago the census reports of the United States government showed a Japanese population in California of 41,356. A computation and survey recently made by the board of control of the state of California indicates that the Japanese population has been more than doubled—amounting now to 87,279."

Governor Stephens said he feared that the initiative measure if passed might fall short of its purpose through the Japanese retaining possession of agricultural lands through personal employment contracts, and that therefore government action was necessary.

Although respecting Japanese culture and advancement and the right of Japan to true development, Governor Stephens held that "the people of California are determined to repress a developing Japanese community in our midst. They are determined to exhaust every power in their keeping to maintain this state for its own people."

California Is Alarmed.

After stating that "the blood fusion of the Occident and the Orient has nowhere ever successfully taken place," Governor Stephens said that "California views with alarm the rapid growth of these people within the last decade in population as well as in land control, and foresees in the not distant future the gravest menace of serious conflict if this development is not immediately and effectively checked."

The spirit of existing anti-alien land laws and immigration agreements has been evaded through the employment of legal and other subterfuges to such an extent that the purposes of the measures have been frustrated, Governor Stephens charged. He referred to the suspension of anti-Asiatic legislation in the state during the peace conference at the request of Secretary of State Lansing, but held that decisive action was necessary now.

"The Japanese are not of a servile or docile stock," the letter continued. "Proud of their traditions and history, they brook no suggestion of any dominant or superior race—and it is just because they possess these attributes and feel more keenly the social and race barriers which our people raise against them that they are driven to race isolation, and I fear, ultimately will reach that race resentment which portends danger to the peace of our state in the future."

It has been estimated that 800,000 new houses are needed in the United Kingdom properly to house the population. All building was at a standstill throughout the war. Because of the greatly increased cost of materials and the increased cost of labor these houses can not be built for less than twice the amount they would have cost in 1914. Thousands of big houses in London are for sale, but these are of no use to newlyweds, who in most instances can not afford to maintain them, nor can they get the servants necessary to keep up such establishments. It has been found too costly to try to convert many of these houses into apartments. They now are monuments to pre-war and opulent family life in London, when servants were employed by the dozen.

Tho' Fatally Wounded, Policeman Puts Bullets Into Fleeing Auto Thief

New Orleans, June 21.—Patrolman Rosalius False, wounded by Walter B. Daugherty, alleged automobile thief, when the latter made an unsuccessful attempt to escape from the fourth precinct police station last night, died from his wounds late today. Daugherty was shot to death by False, after the prisoner had wounded him.

Daugherty was one of the leaders in a band of international automobile thieves, according to police department allegations today.

Daugherty overpowered the doorman, seized the officer's pistol and fired five shots at his pursuers, one of them taking effect. Patrolman False being fatally wounded. False, however, in spite of his wounds, was able to put three shots in the vicinity of Daugherty's heart.

Daugherty was arrested here Saturday when he was detected in the act of starting up an automobile owned by a local merchant. According to the police, a score of automobile keys, all for a popular make of small cars, were found in his possession. He was specifically charged with using an automobile without the owner's consent, and transporting a stolen automobile from New Orleans to Marion, Ill. He was 30 years old and believed to be a native of Illinois.

It is estimated that the gross yearly income of moving picture theaters in this country is about $750,000,000,000. In twenty-six years' time the public has been educated to spend this huge sum, says the Argonaut. There are 15,000 theaters with a total seating capacity of 8,000,000. This year 1,200 more theaters will be built at an aggregate cost of $72,000,000,000.

When your automobile is out of order—

You don't attempt to put it in shape yourself. You take it to some service station and turn it over to an expert mechanician.

Library Bureau is such a service station:—not for automobiles, but for filing systems that stall on the hills of detail and are forever breaking down at critical moments.

Getting things done is largely a matter of getting things started. The way to get a good filing system is to literally bang your fist on the desk and say:—

"I'm through waiting for lost letters. I want the letter I want when I want it. I'm going to get it. I know Library Bureau can show me a smooth-running filing system for this business."

We hope you will put it to us just that way. We have solved thousands of filing problems. Somewhere in our 44 years experience we have solved one similar to yours.

Perhaps what you need is a centralized filing system. We'll be glad to show you the advantages of co-ordinating the work of different departments.

Stronger Than is Usually Thought Necessary

The powerful and enduring body of Goodyear Heavy Tourist Tubes is far thicker than that of ordinary tubes—in some cases as much as twenty per cent.

It is made of rubber so pure that it floats—and instead of being made from a single heavy sheet, it is laboriously built up of many thin sheets welded inseparably together.

This remarkable construction prevents porosity and imperfections, and its cross-grain texture protects the tube against ripping.

In every detail and feature Goodyear Heavy Tourist Tubes are stronger than is usually thought necessary—even their valve-patches are vulcanized in, instead of being stuck on.

Goodyear Heavy Tourist Tubes are packed in sturdy waterproof bags, and are relatively as superior to ordinary tubes as Goodyear Cord Tires are to ordinary tires.

Their initial cost is no more than the price you are asked for tubes of less merit—why risk costly casings when such sure protection is available?

LOOK AT YOUR TONGUE! IS IT BROAD, WHITE, FLABBY? --YOUR BLOOD NEEDS ZIRON!

When Your Tongue Is White and Flabby, It Is a Sign That You Are Anemic and That Your Blood Needs Ziron Iron Tonic, for the Benefit of Your Weakened System.

Look at your tongue in the mirror!

It ought to be pointed, pink, clean and firm.

If it is broad, white, coated, flabby, it is probably a sign that you are anemic, that your blood lacks red corpuscles, that you are not in good health, that your system needs iron to bring it up to proper condition.

When your blood needs iron, take Ziron, the new Iron Tonic, which contains also the hypophosphites of lime and soda and other valuable tonic ingredients prescribed by the best physicians for this form of trouble.

When you feel tired and miserable, lack ambition, suffer from indigestion, rheumatic pains, gastric catarrh, depression of spirits and a general feeling of being "under the weather," why not try Ziron to help you back to health?

Ziron, the new compound of Iron, contains no habit-forming drugs. It is a safe, reliable tonic remedy—good for men, women and children.

Read what Mr. L. M. Sanders, of R. F. D. No. 5, Honey Grove, Texas, says: "I was weak, dragging around the house, and afraid I was going to be real sick. I had no appetite; did not rest, and then my back began to hurt. It got me down. I felt I must do something to strengthen me. I heard of ZIRON, and thought it must be what I needed. Shortly after I began taking I could see that it helped me. I felt stronger. I began to eat and sleep. I was really hungry. It helped me a lot. When my wife got puny, I sent for a bottle for her, and she likewise improved so much that we are believers in ZIRON."

SPECIAL OFFER: Buy a bottle of ZIRON, today, at your druggist's and give it a fair trial, according to directions on the botttle. If, after using up one bottle, you find it has not benefited you, take the empty bottle back to the druggist and he will refund what you paid him for it. We repay him, so there is no reason why he should not repay you. This offer only applies to the first trial bottle.—(adv.) (Z 6a)

AUGUSTA WILL PAY HIGHER GAS RATE

Increase Authorized by Railroad Commission. Alma Telephone Service Rates Raised.

An increase in rates for gas of 25 cents per thousand cubic feet by the Gas Light Company of Augusta was authorized by the state railroad commission Monday. The company had asked for an increase of 30 cents per thousand cubic feet. The new rate allowed by the commission is $1.75 per thousand cubic feet gross, or $1.65 per thousand net, for the first 20,000 cubic feet. A somewhat lower scale is provided for users of gas in excess of 20,000 feet.

The Alma Telephone company was granted an increase in service rates as follows: Business 'phones, $3, former rate, 2.50; residence 'phones, $2, former rate, $1.50; farmers' party lines, 75 cents, former rate 50 cents.

The petition of the Georgia-Alabama Power Company of Albany, which was filed Saturday, asking for an increase in rates, has been set for a hearing on July 14. The rates submitted for the commission's approval by the Georgia-Alabama Utilities company, a new concern with headquarters also at Albany, which proposes to serve Leesburg, Putney, Baconton and other southwest Georgia towns, will be considered on the same day.

The commission will meet in open session Tuesday morning to take up the regular docket. A petition of the Southern railroad to increase parlor car rates between Atlanta and Cohutta, near the Tennessee line, so as to compare with Pullman car rates, and a petition of the Consumers' Gas company, of Waycross, for an increase of gas rates will be heard.

The commission has received notice from the interstate commerce commission that the Central of Georgia railroad has asked permission to guarantee the principal and interest of a $1,000,000 bond issue of 1890 when it matures in July. This is the first Georgia case to come up under the new federal law which requires such petitions to be presented to the interstate commerce commission with notice to the Georgia commission to be heard, if it so desires. The bond issue was made by the Ocean Steamship company and guaranteed by the old Central of Georgia Railway and Banking company. Trustees of the bonds have agreed to extend the period for their payment five years if the Central of Georgia indorses them.

STONE MOUNTAIN ENDS SPLENDID REVIVAL

Stone Mountain, Ga., June 21.—(Special.)—Rev. W. Walstein McCord, one of the leading evangelists of the southern Methodist church, has just closed a series of revival services in the Stone Mountain Methodist church, the results of which will be long remembered. Sunday evening Colonel Carl N. Guess, mayor of Stone Mountain, addressed the large congregation in words of appreciation for the services rendered the city, declaring that during his residence of forty-seven years in Stone Mountain there had never been a revival as great in scope and good accomplished as the one which came to a close Monday eveping.

After speaking, Mayor Guess suggested that those gathered be given an opportunity to show their appreciation and indorsement and an offering was taken, amounting to nearly a thousand dollars. The evangelist closed by offering to meet dollar for dollar all money given the pastor of the church. This made a purse of $300 as a result of the proposition.

Stone Mountain's newly organized brass band has also received more than $100 from Rev. McCord to help in their musical development.

TRAVELING MAN IN VALDOSTA JAIL ON GRAVE CHARGE

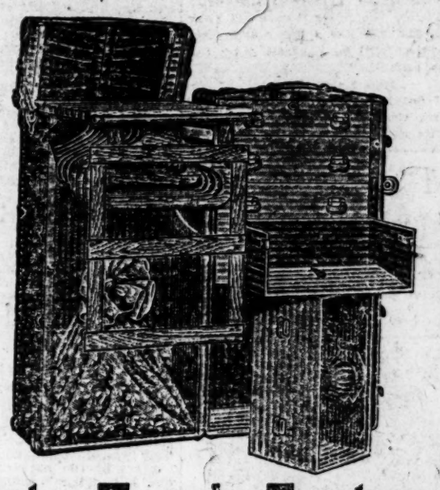

Valdosta, Ga., June 21.—(Special.) J. T. Hamlin, a traveling salesman, is held in jail here awaiting action of Brooks county authorities, under a charge of attempted criminal assault: Hamlin, together with G. W. Akridge, also a traveling man, was arrested some days ago on a misdemeanor charge and released upon the payment of a $50 bond. After the release of Hamlin, further developments led to the bringing of the graver charge against him, and he was arrested at Cordele by Assistant Chief of Police Kendall, of Valdosta, and brought to jail here.

The cases against Hamlin and Akridge grew out of their alleged misbehavior towards two Valdosta young women who had accompanied them on an automobile ride to Blue Springs, a bathing resort 10 miles from Valdosta, in Brooks county. Agridge has been in jail since the escaped, but the only charge against him is one of disorderly conduct.

ASSOCIATED ADVERTISING CLUBS OF THE WORLD — TRUTH

Truth in Advertising

"The Credit for Building the First Car Belongs to Mr. Elwood Haynes"

(The above statement is from a letter to A. G. Seiberling, Vice President and General Manager of The Haynes Automobile Company, Kokomo, Indiana, by Richard H. Lee, Special Counsel of the National Vigilance Committee of the Associated Advertising Clubs of the World.)

EVERY advertising man attending this great convention will be proud over this tangible evidence of the constructive good being done for advertising by the National Vigilance Committee of the Associated Advertising Clubs of the World.

"*Truth* in Advertising" is the motto, the slogan, and the code of the members of the Associated Advertising Clubs.

While The Haynes Automobile Company has never participated in the discussion over who made America's first car, further than to state that Elwood Haynes invented, designed and built it, and to rest its case with history, we admit a glow of satisfaction as we take occasion to express to the advertising men of the world our felicitations to their National Vigilance Committee upon the thoroughness of its research and its conscientious insistence upon the verities in public statements.

Although the original Haynes automobile, invented, designed and built by Elwood Haynes, is a United States Government exhibit in the Smithsonian Institution at Washington, D. C., bearing an official tablet giving its history, nevertheless the accuracy of this government statement has been directly and indirectly questioned.

We asked the Associated Advertising Clubs of the World, through their National Vigilance Committee, to sift the entire matter, knowing it would be done utterly without bias, for this reason:

Advertising is a force upon which we, in common with every progressive concern in the world, depend. We know what advertising has done for us. We know how jealously the Associated Advertising Clubs guard the good name of advertising. We know the sacredness of their slogan "*Truth* in Advertising."

The National Vigilance Committee went at its work conscientiously and thoroughly; it spent much time upon its investigation, in order that its finding should be final and decisive. The result is embodied in the letter from Mr. Lee to Mr. Seiberling, and in the straightforward statement:

"*The credit for building the first car belongs to Mr. Elwood Haynes.*"

This decision lends added emphasis to the principle of *character* which is associated in the public mind with the name of the Haynes.

No matter how good advertising may be, it can only be as good as the product it advertises. It can only succeed with the product. We are naturally gratified that the Haynes has made good on its advertising. We give advertising full credit for carrying to the people the message of the four essential factors of car-character—beauty, strength, power and comfort—which are established in the Haynes. Our advertising led the prospective car owner to expect beauty, strength, power and comfort in his Haynes. The car itself completely exemplified this *character*. The result is that to-day the demand for the new series Haynes is just as far ahead of our production as it was a year ago.

Every advertising man will be pleased to know this, because Haynes advertising is a faithful echo of the car itself. It reflects the policies and principles of The Haynes Automobile Company, and is just as much our product as is the Haynes car itself.

The Associated Advertising Clubs of the World have done great work, but never performed a greater act for the highest good of advertising itself, than when their National Vigilance Committee aligned the forces of good advertising with history, with recorded facts and with the U. S. Government's own official statement in the final, irrevocable decision that to Elwood Haynes belongs the credit for building America's first car.

RAILWAY MEN CALLED TO FORM 'ONE BIG UNION'

In Call for Meeting at Chicago, June 29, the Leaders of Recognized Labor Unions Are Attacked.

Washington, June 21.—A call for a convention of railroad workers to be held at Chicago June 29 to organize a "one big union" has been published in The Butte, Mon., Daily Bulletin, which officials of the department of justice said today they believed to be an I. W. W. publication.

Orders went out from the department today to its agents at Chicago to keep a strict watch on the proposed meeting for any possible I. W. W. activities in connection with it.

The origin of the call has not yet been determined by government agents. As published at Butte, it is signed "The Committee," and those expecting to attend the convention are asked to communicate with E. E. Pride, 225 Northwestern University building.

Union Leaders Attacked.

Leaders of the recognized labor unions and the members of the railroad labor board at Chicago are attacked by the call, which says:

"Modern industry is organized into one big union," says the call, "which has grouped its financial resources, and practically controls the industry of the country.

"It is the organization power of the workers of the industrial field which will decide the victories in the future, and until we organize into the one big union we will be beaten before the fight starts, just like we have in the past.

"If you are red-blooded enough to stand up and be counted, and not afraid to carry out this work, then we want you to send a delegation to the Chicago convention, to be held on June 29, with the express purpose of becoming a part of the one big union. If such is not the case, then don't come and try and offer some compromise proposition, for you will not be seated, as the one big union is alive and already formed, and all we want is workers who are willing to join us in this fight for industrial freedom.

"Throw the labor fakers off your back and get into a labor organization that will be controlled by the rank and file."

Rail Labor Board.

Discussing the railroad labor board, the call says:

"If these men chosen by the president to represent labor really represent the rank and file, we would be outnumbered two to one; we leave it to your judgment what proportion of representation the man in overalls actually has on this board."

Reciting the history of the so-called "outlaw strike" of April 4, the call says a committee was selected to tour the northwestern section of the country for the purpose of getting the sentiment of the men, and as a result of the dissatisfaction with the old organization said to exist, it was decided to call a convention of all dissatisfied employees on all railroads in America for the purpose of organizing one big union of railroad workers.

Butte, June 21.—The call for a convention in Chicago to organize a one big union of railroad workers, published by The Butte Daily Bulletin, was received by Joseph Clough, secretary of the one big union local of this city, it was declared today. Presumably, it was stated, the call came from T. S. Cassidy, general organizer for the one big union at Chicago.

The Butte Daily Bulletin building is headquarters for the one big union here, according to a banner on the structure.

Denial by Chicago Officers.

Chicago, June 21.—Officers of the Chicago Yardmen's and the United Engineers' association today denied that either organization was connected with the "one big union" movement, which, according to Washington reports, quoting a call published in The Butte Daily Bulletin, is to be organized in Chicago on June 29 by railroad workers.

William Bond, secretary of the Yardmen's association, said there was "absolutely no connection between the so-called insurgents from the rail unions and the one big union crowd." John Grunau and Harold E. Redding, heads of the two unions, could not be reached, and Mr. Bond refused to tell where they were.

A. R. Whitney, vice president of the Brotherhood of Railway Trainmen, who conducted the recent fight against striking switchmen, declared the one big union was "distinctly a 'red' movement," and charged that leaders of the seceding rail unions had joined the "radical labor movement."

"There is nocause for alarm," he said. 'We have all the union men need to taek care of teh present transportation requirements. As a matter of fact, the rebels who would not come back when they had a chance last April, would like to get back now, but they haven't acceptance. They are through, as far as the unions are concerned. We want no 'reds' in our ranks."

Couldn't Find Pride.

The call, as published in Butte, asked those expecting to attend the convention to communicate with E. M. Pride, 225 Northwestern University building, Chicago.

The door of room 225 was locked today. Painted on it were the legends, "Central Publishing Service" and "Lake Publishing Service."

The superintendent of the building said the office had been rented by three men just before Christmas. He gave their names as E. M. Pride, L. M. Hawver and Alex Koehn.

The lessees told him that they were publicity men, he said. The superintendent declared the men were seldom in their office, working less than two hours aday ,and that very little mail was received there.

has proven a revelation to glass wearers. Far and near vision in one solid glass—absolutely invisible while on the face, no disfiguring lines to blister, blur or cause trouble. No more looking over your glasses do your shoes and forget glasses.

Are all Kryptok glasses the same? No, the material from which or taking them off to see distant objects—put them on just like you they are made is patented, sold and guaranteed by the Kryptok Company, but after this material leaves their factory they are not responsible for the grinding and finishing, which is finished and sold by optical houses all over the country. Unless the grinding and finishing is done by an expert, your eyes carefully fitted, your face correctly measured in every detail, you will have trouble the same as buying the highest grade watch with some little something left out of it.

MRS. J. M. CRAIG, of Los Angeles, Calif., who says no one can feel more grateful for what Tanlac has done than she does. Declares she has gained twelve pounds and her health is now better than in years.

"Of all the people who have taken Tanlac, I don't believe there is anyone who feels any more grateful to it than I do," was the statement made recently by Mrs. J. M. Craig, of 674½ East Fortieth street, Los Angeles.

"Like so many other families during the influenze epidemic last year we all had it, and my own illness, together with the worry over the rest of our family, brought on a case of genuine nervous prostration.

"I was so weak I couldn't even sweep the floor, and during the day I would have to lie down four or five times. I tried to walk, but found out half a block was all I could stand before I gave out. Nervous spells came on me often.

"Every medicine I tried failed to reach my case until finally my husband urged me to try Tanlac, and I am indeed thankful that he did, for it proved to be just what I needed.

"The first two bottles didn't seem to help me. I guess that was because I was so extremely bad off, but on the third bottle I could tell I was improving and that gave me more hopes than ever of getting well.

"My improvement from then on was rapid and by the time I had taken five bottles of Tanlac I was better and stronger than I had been in years. I was sleeping soundly at night and had gained twelve pounds in weight.

"That was several months ago and from then until now I have been in as good health as I ever was in my life and have been doing all the housework by myself.

"It is simply remarkable how Tanlac has built me up and I have told everyone of my friends and relatives what a wonderful medicine it is."

Tanlac is sold in Atlanta exclusively by Jacobs' Pharmacy Co. —(adv.)

Syndicate of Thieves Looted Freight Cars Of Southern Railway

Danville, Ky., June 21.—A thieves' syndicate, so well organized that it had traveling salesmen in surrounding central Kentucky territory and so strong that it was able to steal a carload of sugar in a night, systematically looted freight cars in the Southern railway division yards and since the railroad switchmen's strike of goods whose value may reach $125,000, according to police officials who late today arrested a local merchant on a charge of receiving stolen property and swort to thirty warrants for alleged members of the gang.

Three arrests have been made. Three youths are in jail charged with robbery and the third is J. E. Ashbrook, proprietor of a hotel cigar stand, accused of buying 100,000 cigarettes, part of $11,000 worth stolen in one night.

Striking switchmen, it is charged by the authorities, are implicated. A signal in the railroad yards is said to have been given whenever officers approached the scene, giving the thieves ample warning. Goods are said to have been sold to merchants in Harrodsburg, Perryville, Lancaster and other surrounding towns by representatives of the syndicate. The carload of sugar was said to have been sold easily at a price below the market.

ORDER OF ETHIOPIA GOES UNDER PROBE

Members of the Cult Reported to Have Caused Race Riot in Chicago. White Man Said to Be Leader.

Chicago, June 21.—With R. D. Jonas, said by the police to be the white leader of an organization advocating the return of negroes to Abyssinia; Grover C. Redding and seven negroes under arrest in connection with a riot last night in the Chicago black belt that resulted in the killing of two white men and the wounding of several negroes, police and federal officers began an investigation of the "Star Order of Ethiopia," whose members were reported to have participated in the affair.

The police were still searching for Joseph Fernon, who is said to call himself the "great Abyssinian," and his son. According to reports, they, garbed in fantastic raiment, also were leaders of the parade.

Jonas said that he had warned federal officers last week of the proposed parade of the cult, and that they should be on the watch for trouble, but declared that no attention had been paid to his statement.

Packages of pamphlets explaining "Egyptian secrets" were taken from Redding. He had concealed them under his clothing. They were held as evidence of his alleged activities among negroes in spreading the cult.

The inquest into the deaths of Charles Hoyt, a cigar store clerk, and Robert L. Rose, a sailor, victims of the riot, was postponed until June 26, at the request of the police. Captain Caughlin, of the Cottage Grove police station, declared that he had three of the men believed to be implicated in the shooting under arrest, and wanted more time to search for a fourth, said to be a negro former soldier.

Government Investigates.

While the police were quizzing the alleged leaders of the Aybssinian cult, Edward J. Brennan, chief investigator for the department of justice, started an inquiry on behalf of the government.

He said a searching investigation would be made to determine just how far the Abyssinian movement has spread, and what individuals are behind it.

Resolutions denouncing Jonas as a white leader responsible for creating unrest among the negro population were passed today by several negro organizations. They said that the riot was not caused by racial feeling, but was the result of radical propaganda, and that reputable negroes had no part in the movement.

Jonas was said to have been the chief speaker at a meeting to urge Mayor William Hale Thompson to become a candidate for president on a third party ticket backed by the "solid Irish and negro vote."

Thousands of pieces of literature relating to the Abyssinian movement were confiscated by the police in a raid on a garage on the south side. According to the police, one leaflet boasted that a standing army of four million was in readiness in Ethiopia. Applications for admission to the order were among the papers. They were captioned "Star Order of Ethiopia" and bore Bible quotations.

Redding Is Denounced.

State's Attorney Hoyne today received the following telegram from New York signed "Black Star Line, Inc., Marcus Garvey, president."

"From newspaper reports it is apparent that one Grover C. Redding is operating in Chicago under the guise of an Abyssinian and a representative of the colored people. He has often used the name of the Black Star Line corporation in representing himself to the people.

"This man has been operating all over the United States and is a fraud. We have had cause to denounce him in many cities, recently in Boston."

The police said tonight that two negro witnesses to the affray identified Redding as the man who killed Rose and Hoyt. The witnesses are employees of the cafe in front of which the shooting took place.

Previously, Jonas had identified Redding as the man who led the parade and who burned the flag. Redding, smartly dressed in a frock coat, protested that his name was George Brown and that he had just come to Chicago from St. Louis. He said he was a laborer for the street railways.

Jonas admitted to detectives that he was at one time a leader of the Abyssinian movement, but denied any connection with Sunday's parade.

JONAS BACKS LEAGUE OF DARKER PEOPLE.

New York, June 21.—R. D. Jonas, sought by the Chicago police in connection with riots there yesterday, in which two persons were killed following the burning of an American flag, is known here as "Rev. Dr. P. D. Jonas, secretary of the League of Darker People." He appeared in the interests of the Black Star Line, owners of the steamer Yarmouth, whose $5,000,000 cargo of liquor was seized by federal agents here after the vessel had returned to port following departure for Cuba a few hours before the prohibition law went into effect.

Jonas, who claimed to have come from Norfolk, Va., charged that the negro owners of the Yarmouth had been the victims of a plot to steal the liquor, which had culminated in its seizure. The vessel was finally permitted to leave for Havana on February 12, last.

Leo H. Healy, counsel for the Black Star company, said today Jonas had no connection with the concern. He declared that the company was financed by negroes and that alleged statements by Jonas to the effect that friends of Irish freedom had aided the line were "absolutely untrue."

Not to Carry Arms.

"The statement that our steamers would ultimately carry arms to Africa is ridiculous," he added.

Marcus Garvey, the negro president of the Black Star Line, declared that members of a negro society who planned to go back to Africa and were involved in the Chicago riots, had arranged to sail on one of his company's ships.

Charles Manson, negro janitor here, who claims to be a bishop of a cult known as the Holy Church of the Living God, said he knew of a negro organization styling itself "Star Order of Ethiopia," the objects of which are to substitute the appelation Ethiopian for negro, to better conditions among negroes, and to take them to Ethiopia, their motherland.

He said the organization had been active in various parts of the United States, particularly in New York, adding that he was not a member of the organization, but that Grover C. Redding, who was secretary and missionary of the order, had lived with him here up to four months ago, when he left for Alabama.

Manson produced several membership blanks of the order containing Biblical quotations, one of them was written:

"Princes shall come out of Egypt. Ethiopia shall soon stretch her hands unto God."

Denounce Name "Negro."

Membership blanks in "The Star Order of Ethiopia" pledge the signers to allegiance to the "motherland, Ethiopia" and "henceforth denounce the name" negro "which was given me by another race."

The blanks bear the name of George Gabriel, Abyssinian linguist and native of Abyssinia, 1812 Thirteenth street, Washington, D. C.

Manson also displayed the "Ethiopian flag." It was green, yellow and red, with a red lion in the yellow field. He said that he understood that the red had been substituted for black, saying a Detroit rabbi told him that black represented somethin~ the Jews were interested in. The red of the flag, Manson said, symbolized the blood of Christ.

Garvey said that Grover C. Redding once had used the name of the "Universal Negro Improvement Association," of which Garvey is president, to further the interests of Redding's organization.

Redding once had lived in Boston, Garvey added.

Injunction Is Refused To Prevent U. S. Navy Getting Its Oil by Force

Los Angeles, Cal., June 21.—The application of the General Petroleum company for an injunction restraining officers of the navy from seizing fuel oil stored by the company in Los Angeles harbor, was denied by Judge E. R. Bledsoe, in United States district court late today.

Judge Bledsoe said there were two "fundamental principles" upon which his decision was based. One of these, he said, was that the necessities of the government for the maintenance of it sarmy and navy in time of war were paramount to all other necessities.

"This might be said of the navy even in time of peace," he added. "If you are going to have a navy when you need it you must provide for it so that it will be ready for use at that time."

The other principle, the judge said, was that property taken by the government must be paid for. If the navy takes the oil, he said, just compensation must be given "according to the usual rules and principles that obtain in courts of law."

SEARCH OUT THE GERMS OF RHEUMATISM

Find Out What Causes Your Suffering and Go After It.

"What is Rheumatism?" is a question that has not yet been answered entirely satisfactorily. There are still different opinions as to its exact cause, but little doubt that its pains are real.

The medical profession is practically agreed upon one point, however, and that is that Rheumatism is more than a series of local pains, and that the real cause of the disease is deep-seated, and cannot possibly be reached by remedies applied to the surface.

Some forms of this disease have been found to come from tiny germs in the blood, which set up their colony in the muscles, or joints and begin to multiply by the million. You can easily understand, therefore, that the only intelligent method of treating such cases is through the blood.

S. S. S. is such a thorough blood purifier and cleanser that it can be relied upon to search out all disease germs and impurities and eliminate them from the system, and this is why it is such an excellent remedy for Rheumatism.

Go to your drug store and get a bottle of S. S. S. today, and if your case needs special attention, you can obtain medical advice free by writing fully to Chief Medical Adviser, 602 Swift Laboratory, Atlanta, Georgia.—(adv.)

The Alterations in Our Banking Rooms

Our customers and friends will be interested in the progress of the work.

The architects and builders are now busy with the Main Floor. The tearing out of the old fixtures and the laying of a new marble floor have necessitated moving the Officers and Tellers to the Ground Floor. They will be there until the work on the Main Floor is completed.

The south end of the Main Floor (adjoining the lobby of the Fourth National Building) is used by the departments of Statements, Exchange, Note Collections and Drafts.

Savings, Women's and Safe Deposit Departments are in their usual and permanent quarters on the Ground Floor.

All departments may be reached by the usual entrances—Marietta Street, Peachtree Street and the Peachtree entrance to the Fourth National Building (Car-stop.)

We are very appreciative, indeed, of the patience, the uniform courtesy and the cheerful co-operation of our customers during the discomforts incident to this work. We feel that they will be amply repaid in the results—handsome and ample quarters and many new conveniences which we are providing as part of the equipment of the "Greater Fourth National."

Points on Paint—Most of them worth knowing

There is a lot more to painting than buying the right paint. Of necessity of course you have to start with the right paint if you expect it to stay right.

Your neighbor on one side blames the paint because it chalks off. The one on your other side finds fault with his because it peels. His neighbor grumbles because he has to paint so often.

Listening to all this, you begin to wonder if there is any good paint made now-a-days? Or, if anyone knows any more, how to put paint on? To which let us promptly answer that never was there better paint made, nor as many painters who know how to really paint.

But there's a lot more to good painting results than just the paint and the painter. It's because of those other things that so many have painting disappointments.

To protect our customers from such we have just published a book called The Happy Happening. It's too costly a book to send out broadcast, so we ask that you include 10c in stamps with your request for a copy.

GEORGIA DELEGATION GOES TO CONVENTION

Many Palmer Delegates Are Accompanied by Wives and Daughters.

Confident in the justice of their cause and elated over their prospect of winning out at the San Francisco convention as the regular representatives of the Georgia democracy, the Palmer delegates boarded the special Pullmans provided for them on the Dixie Flyer and pulled out of the Terminal station shortly after 8 o'clock yesterday morning for their long journey to the Pacific coast.

The party will spend Tuesday in Chicago, where they will be joined by Clem E. Dunbar, of Augusta, recently manager of the Palmer campaign in Georgia, and a delegate from the state-at-large. They will be met in San Francisco by Albert Howell, Jr., delegate from the Fifth district, who left Atlanta Sunday.

The party leaving Atlanta Monday morning was made up as follows: Mr. and Mrs. H. H. Dean, Misses Helen and Dorothy Dean, Herbert and Austin Dean, all of Gainesville; I. L. Price, Swainsboro; A. M. Deal, Statesboro; Dr. Jeff Davis, Toccoa; Mr. and Mrs. R. A. Hinton, Reynolds; Mr. and Mrs. J. R. L. Smith and Curran R. Ellis, Macon; Mr. and Mrs. D. S. Sanford, Milledgeville; Mr. and Mrs. L. J. Langley, Rome; Mr. and Mrs. D. S. Sanford, Milledgeville; Pleasant A. Stovall and Joe Stovall, Savannah; S. B. Brown, Albany; Dr. H. R. Tarver and Miss Tarver, Guyton; Mr. and Mrs. S. L. Rhorer, Sam A. Nunn, Perry; Dr. L. S. Ledbetter, Cedartown; A. H. Thompson, LaGrange; Blanton Fortson, Athens; Aldine Chambers, Atlanta; George C. Evans, Sandersville; Nat D. Arnold, Lexington; I. L. Price, Swainsboro; N. L. Gillis, Jr., Soperton; Mr. and Mrs. R. D. Calloway, Washington; J. R. Tweedy, Eatonton; W. I. MacIntyre, Thomasville; Noyle Colquitt, Savannah; Charles E. Brown, Cordele; Dr. J. C. Dean, Dawson; Mr and Mrs. Hollins N. Randolph, Atlanta; W. E. Wood and two sons, Dalton, and Levi W. Reeves, Cartersville.

As indicating the relative confidence of success felt by the Palmer delegation and the Watson-Smith delegation, it may be noted that every one of those named above with the exception of Mr. and Mrs. Rhorer and the wives and other relatives of delegates, were chosen by the Palmer delegates at the May convention to represent the state in the national party council; while, on the other hand, a large portion of the contesting delegates who left Atlanta Saturday were armed with proxies as substitutes for "delegates" originally named who declined to go.

ICE ADVANCES 25 P. C.; PUBLIC NOT NOTIFIED

Americus, Ga., June 21.—(Special.) Ice consumers in Americus have just awakened to the fact that on June 2 prices were advanced here approximately 25 per cent. No announcement of the raise was made by officials of the local ice company, and it was not until the decreased size of the daily "lump" was noticed that inquiry brought this information out. The raise, it is said, was made in accordance with a recent ruling of the fair price commission of Georgia.

Baby Health Center At Woman's Club.

All members of the Atlanta Woman's club and mothers in the neighborhood of the club are invited to bring their babies to the club house this morning at 10:30 o'clock to be weighed, measured and examined by trained nurses and a skilled baby specialist. "The Baby Health Center" will be open every Tuesday morning and will be under the supervision of the United States public health service.

Dr. Lydia Allen De Vilbiss, director of child hygiene for Georgia, is co-operating with the state and city boards of health in establishing baby health centers throughout the city and state.

Dr. De Vilbiss states that formerly this work has been done only in the slums and poorer districts, but now the government is trying to keep every baby well.

This work is being done under the auspices of the child welfare committee of the club, Mrs. Thornwell Jacobs chairman.

Doctor Elizabeth Broack On Staff of U. S. Training Camp.

Dr. Elizabeth Broach has been appointed adjutant from Georgia at the United States Woman's Training camp at Asheville, N. C. She will be a member of the general staff, of which Susan Crocoft is the commandant.

Dr. Broach will go to Asheville several days before the camp opens, and will be there to receive the Georgia women who are to enter the camp.

Georgia is entitled to 500 recruits. Mrs. B. M. Boykin is the recruiting officer in Georgia.

For Miss Thorn And Mr. Cain.

Mr. and Mrs. Robert S. Parker entertained at dinner last evening on the roof garden of the Capital City club, complimenting their cousin, Miss Grace Thorn, whose marriage to Mr. Ravenel Cain, of Savannah, will be an event of tomorrow evening. The table was adorned with a basket filled with summer flowers.

Mrs. Parker was gowned in white Georgette crepe. Miss Thorn wore a gown of orchid Georgette crepe, with hat to match.

Covers were laid for Miss Grace Thorn, Mrs. Anne Thorn Knox, Captain and Mrs. Thomas Sinkler, of Camp Benning; Mr. and Mrs. Allen Artley, of Savannah; Mr. Ravenel Cain and Mr. and Mrs. Parker and Mr. George Rhodes, of Savannah.

KEEP Borden's Malted Milk for unexpected guests. It is delicious and will make them glad they came. Then, too, it doesn't keep people awake, and so is an excellent thing to serve late in the evening.

Another way to serve it is on ice cream. It makes a popular sauce and an inexpensive one.

Besides being nutritious and refreshing Borden's Malted Milk tastes good—for it hasn't that malty "tang" so many people dislike. The excessive sweetness has been eliminated, too—it pleases the most finicky palate.

When you buy malted milk, ask for Borden's—the milk that is actually "malted". This is because it is processed under a low temperature. A high temperature would destroy the malt ferments which act upon the nutritious elements and make them easy to assimilate.

Over sixty years' experience in handling and manufacturing milk products insures reliability and encourages confidence in Borden's Malted Milk.

For lunch—between meals—at night—for convalescents—keep it on hand and have a palatable food-drink for old and young.

Mrs. Royall Ingersoll, of the navy, will be honor guest in Mr. and Mrs. Louis Moeckel's party and others will entertain.

Downing-Le Cates.

A pretty church wedding was that of Miss Bertha Downing, daughter of Mr. and Mrs. Addie E. Downing, and Mr. N. Burton Le Cates, which took place at the hour of 6 Thursday afternoon at the Choccolocco Avenue Baptist church, Anniston, Alabama.

Ferns, hydrangeas, magnolias and quantities of southern smilax were used for the church decorations.

Preceding the ceremony, Mrs. French Bell, of Anniston, sang, accompanied by Mrs. B. F. Dunlap, of Birmingham.

Messrs. Harvey N. McClanahan, Sam Borders, Cecil Hughes and Cleveland McClanahan were ushers.

The maid of honor was Miss Araminta Downing, sister of the bride. The ring beaper was little James Linda Green, nephew of the bride.

The bride entered with her brother, Mr. Lewis Downing, and was met at a beautiful improvised altar by the groom and his best man, Mr. A. W. Garverick.

Rev. J. C. Francis, of Birmingham, officiated.

The bride was beautiful in a suit of navy blue cloth, smart hat with accessories to match and carried a shower bouquet of white sweet peas and lilies.

Immediately after the ceremony, Mr. and Mrs. Le Cates left for a wedding trip to Atlantic City, after which they will be at home in Philadelphia.

The out-of-town guests for the wedding included Rev. and Mrs. J. C. Francis and Mrs. B. F. Dunlap, of Birmingham; Mrs. Lewis Allen and Miss Araminta Downing, of Atlanta; Mr. and Mrs. L. M. Ex-Police Officer Is Apprehended In Palmetto, Fla.

Flovel Anton Hulsey, 31 years old, former police officer, who is under indictment here in connection with the theft of several automobiles, has been apprehended in Palmetto, Fla., according to telegraphic advices from police authorities in that city Monday.

City Detective T. O. Sturdivant, armed with requisition papers, will leave for the Florida town some time today and bring Hulsey back with him.

Officer Hulsey gained considerable newspaper notoriety the early part of last March in his sensational escape from his residence, 312 Oakland avenue, when Detectives Sturdivant and Campbell went to arrest him. He is said to have jumped out of an open window and fled while his wife held back the detectives.

PALMER IS LEADING IN DEMOCRATIC RACE

Continued From First Page.

Georgia headed by Stovall and Randolph will be placed on the temporary roll by an overwhelming if not unanimous vote of the national committee.

That the convention will be unbossed by the white house has been clearly established in all the preliminary activities. Certain it is the convention will indorse practically unanimously the record of the party administration, but there will be no steam-rolling processes to iron out a convention record at the behest of either Mr. Wilson or Mr. Bryan.

The proper recognition of women will fit in a gap that the republicans left open at Chicago. They will be made a factor in campaign plans as near on an equal basis with men as it is humanely possible and feasible to make them.

San Francisco is rapidly filling with delegates and the local hotel lobbies tonight are beginning to throb with the pulse of American democracy.

WILSON NAMES CAPPS MINISTER TO GREECE

Washington, June 21.—Edward Capps, of New Jersey, was named today by President Wilson as minister to Greece, a recess appointment.

S. Parker Gilbert, Jr., was nominated an assistant secretary of the treasury.

Dr. Capps is professor of classics at Princeton university. He is a native of Illinois and has written many books on Greek literature and drama.

Mr. Gilbert, who is named assistant secretary of the treasury, succeeds R. C. Leffingwell, resigned, in charges of fiscal offices. His home is in New Jersey, and he has been in the treasury as assistant to Mr. Leffingwell since early in the war.

Amusement Directory

THEATERS MOVIES

Lyric (Keith Vaudeville)—"Flirtation," a county with music, featuring Dorothy Van, Frank Ellis, Jack Edwards and others; the original Primrose Four, comedy singing quartet; Rubina and Rosa, musical girls; Camilla's Birds, a novelty in black and white; Ferro and Coulter, blackface comedians; Topics of the Day, Pathe News, Pathe Scenic.

Grand—Loew vaudeville, Monday, Tuesday, Wednesday, Alex Ruleff and company, a spectacular classic in terpsichorean art; Billy Smith and Charles Keefe, "The Two Harmony Buds;" Kilkenny Duo, "A Breeze From Killarney;" Aerial Macks, Frolics in Midair; Slager and James in wit and jollity; Loew's feature picture, Taylor Holmes in "Three Black Eyes."

Keith Vaudeville.

(At the Lyric.)

Three out of the five acts on the new Keith vaudeville bill at the Lyric are undeniably "big time vodvil" turns, namely—"Flirtation," a different sort of a musical comedy; the Primrose Four, a singing quartet any manager would welcome as headliner, and Camilla's Birds, one of the most beautiful offerings on any stage.

Vivacious Dorothy Van, pretty and graceful and just as fetching as you please, is the particular star of "Flirtation." Her principal assistant is Frank Ellis, who could easily qualify as a comedian of unusual ability. Miss Van and Mr. Ellis are the type one delights in seeing in the big "two-dollar" musical comedies.

The original Primrose Four, composed of Messrs. Van, Cantwell, Murphy and Gibner, doesn't need much of an introduction here or anywhere else. This "1,000 pounds of harmony" was the great hit of the bill last night.

Camilla's Birds—snowy white Australian cockatoos who do amazing stunts in front of a rich black purple background—live up to their reputation as "the headline bird act of vaudeville."

Rubina and Rose, musical girls, who are pretty and vivacious, have a splendid opening act. Ferror and Coulter are popular with their black face comedy.

Loew Vaudeville.

(At the Grand.)

One of the most artistic dancing acts ever seen in Atlanta is the headliner at Loew's Grand the first half of the week and with Taylor Holmes in "Three Black Eyes," as the feature picture, and four other exceptionally high-class vaudeville turns, the bill proved to be one of the most pleasing seen at this theater in quite a period.

Alexis Ruloff and Shura Rulowa, Russian dancers supreme, head the the big dancing number, and they introduce nearly every kind of classic and esthetic dancing known to the stage. They are from the old Imperial ballet at Saratoff, Russia.

Five graceful girls provide a pretty setting for the various numbers.

The Kilkenny Duo, a pair of veteran Irish entertainers, offered a skit that was sure enough Irish through and through and won much applause. Smith and Keefe, two young men, with attractive voices, were given a cordial reception, while Slager and James were responsible for a lot of laughs with their clever blackface sketch. The Aerial Macks, fresh from the big tops, offered assuredly the most pleasing aerial act seen here recently.

Taylor Holmes added numerous admirers to his long list in the refreshing comedy, "Three Black Eyes."

Tudor Theater — All week Blanche Sweet in "Simple Souls" and Larry Semon in "The Fly Cop."

Criterion Theater — All week Douglas Fairbanks in "The Mollycoddle," Fox News and Mutt and Jeff comedy.

Rialto Theater—Mabel Normand in "The Slim Princess," Bernice Barlow, "The Girl With the Golden Voice," and a comedy, "The Jazz Bandits."

Strand Theater—All week William Farnum in "The Orphan" and a comedy, "Kids and Kidlets."

Forsyth Theater—Monday, Tuesday and Wednesday, Lois Wilson in "Thou Art the Man;" Bray comic and Burton Holmes Travelogue.

Vaudette Theater—Monday and Tuesday, Mary Pickford in "The Poor Little Rich Girl," William Duncan in "The Silent Avenger."

Savoy Theater—Tuesday, Alice Brady in "The Death Dance;" Lyons and Moran comedy.

"The Gift Supreme."

(At the Alamo No. 2.)

Headed by Bernard Durning "The Gift Supreme," which is being shown this week at the Alamo No. 2, is creating a great deal of interest. It is somewhat melodramatic in plot, but the director has so cleverly handled the production that deft comedy veins are ever evident to relieve the intenseness. The story tells of the efforts of a gang of crooks to defeat the plans of a young man of great wealth who has fallen in love with a girl of much lower station in life. Bernard Durning has the role of the young man and Seena Owen is the girl. Bernard Durning will be remembered as the star of "When Bearcat Went Dry," in which picture he achieved a great success. Some of the best character portrayals of the present season are given in this picture by Lon Chaney and Tully Marshall; in fact, every member of the cast, including the extras, gives an excellent representation of the character taken.

"The Mollycoddle."

(At the Criterion.)

The story of "The Mollycoddle," in which Douglas Fairbanks is starring at the Criterion theater this week, was suggested by Harold McGrath, one of America's best story writers. The character of the title role is that which conclusively proves that "blood" is thicker than water and that all the environment in the world will never change the real latent characteristics of heritage in anybody. It is without doubt the most costly of any production that Mr. Fairbanks has so far put out. Tremendous scenes and lavish sets are constantly before you. The cast is also worthy of special mention, including as it does such well-known players as Wallace Beery, Paul Burns, Morris Hughes, George Stewart, Charles Stevens, Albert MacQuarrie, Ruth Rennick, Betty Bouton and Adele Farrington. A Mutt and Jeff comedy and the Fox News is also on the program.

"Simple Souls."

(At the Tudor.)

Blanche Sweet, in "Simple Souls," from the novel by John Hastings Turner, is the week's attraction at the Tudor theater. The picture is unique in every respect and Blanche Sweet as the star is charming. It is a romance of sweet simplicity wound around two of the quaintest and most lovable of human beings. In addition, it fairly bubbles over with laughter and sunshine. The story relates the romance of two dreamers, she a poor shop girl whose passion is books; he a rich duke who has a habit of forgetting everything except his lizards, biology being his hobby. It was their ideals and dreams that brought these two simple souls together, but it was their different stations in life and certain relatives that nearly tore them apart. As a whole, it is an excellent picture and good entertainment.

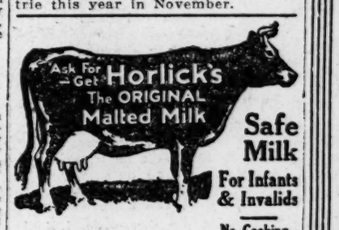

Jailed Twice Monday, R. O. Fortune Finds Name Means Nothing

R. O. Fortune, a white man 30 years of age, who lives at 27 East Alexander street, was arrested twice Monday on the charge of wife beating and being drunk. The first arrest occurred about 4 o'clock Monday afternoon, when neighbors who were attracted by the screams of his wife notified the police. Officers Wood and Anderson went to his home and made the arrest. Later he was released from custody under a $200 bond.

About 8:30 o'clock Monday night another call was sent in by the neighbors and Officers McDaniel and Bond responded. This time, it is charged, he had inflicted a much worse beating on his wife. Another charge of wife beating and being drunk was placed against him, and his wife requested that he be held without bond.

U. S. EXPORTS FOR MAY INCREASED $55,000,000

Washington, June 21.—Exports for May increased $55,000,000, while imports fell off $64,000,000 as compared with the trade figures for April, it was announced today at the department of commerce. Exports for the month were valued at $739,000,000 and imports at $431,000,000, leaving a trade balance of $308,000,000 in favor of this country for the month.

For the eleven months period ending with May exports of $7,474,000,000 were $1,170,000,000 more than the total for the corresponding period of the preceding year, while imports amounted to $4,686,000,000, an increase of $1,883,000,000.

Gold imports in May amounted to $16,000,000, showing a decline of $33,000,000 as compared with imports in April. Gold exports were the lowest in the last twelve months, amounting to $8,000,000 against $45,000,000 in April. For the eleven months ending with May gold imports were $124,000,000, compared with $36,000,000 for the corresponding period of 1919, while exports were $461,000,000, an increase of $427,000,000.

Imports of silver showed practically no change in May, but exports, amounting to $7,000,000, were the lowest recorded in several years.

Baby's Growth.

As baby's growth, development and health all depend upon the feeding, the best of care should be used in supplying the proper food and seeing that both milk and bottles are properly sterilized.

Even with the best of care, baby is sometimes going to be upset and will require a little "physic." But remember, baby's little stomach is tender and delicate and should not be given strong and irritating drugs that cause bowel inflammation and chronic constipation.

In England, senna is the favorite laxative for children, and, realizing that senna is the safest and most efficient cathartic, an American baby specialist has compounded this ingredient with carminatives and produced an ideal baby laxative that is easy-acting, non-irritating, does not produce over-action nor leave baby constipated. This preparation is known as "Baby Ease" and is recommended for all bowel complaints of babies and children, constipation, diarrhoea, sour stomach, gas and during the teething period. Ask your druggist about "Baby Ease." It is a safe, harmless and efficient laxative and corrective. If baby does not improve after a few doses, take him to a physician.—(adv.)

JUST GAVE UP SUFFERED SO

Weakness, Pains and Other Troubles Had Discouraged This Arkansas Lady—She Took Cardui, Found It Helpful—Got Well!

Harrisburg, Ark.—After serious symptoms had become apparent, Mrs. Belle Wilkerson, of Route 1, this place, says she "got worse and worse."

"I wasn't able to stand on my feet and had to go to bed," she explains. The . . . grew worse, and for about three weeks nothing seemed to do me any good. I grew so weak and nervous and could not sleep. I began to have pain in the lower part of my body, and all across my back. There was a great deal of soreness and pain in my left side . . . I just gave up, for I suffered so. I grew discouraged and thought I was not going to get well.

"My head not only ached, but would feel so light and dizzy . . . I decided then I would take Cardui, as I read of how many women it had benefited, and some whose case was like mine. When I began Cardui, just after a few doses, I noticed a change. I slept better at night . . . and felt like I could eat something. I got up and began to do the work in the house and yard, and after three or four bottles of Cardui I was well."

If you suffer from disorders peculiar to women, take Cardui—the Woman's Tonic.

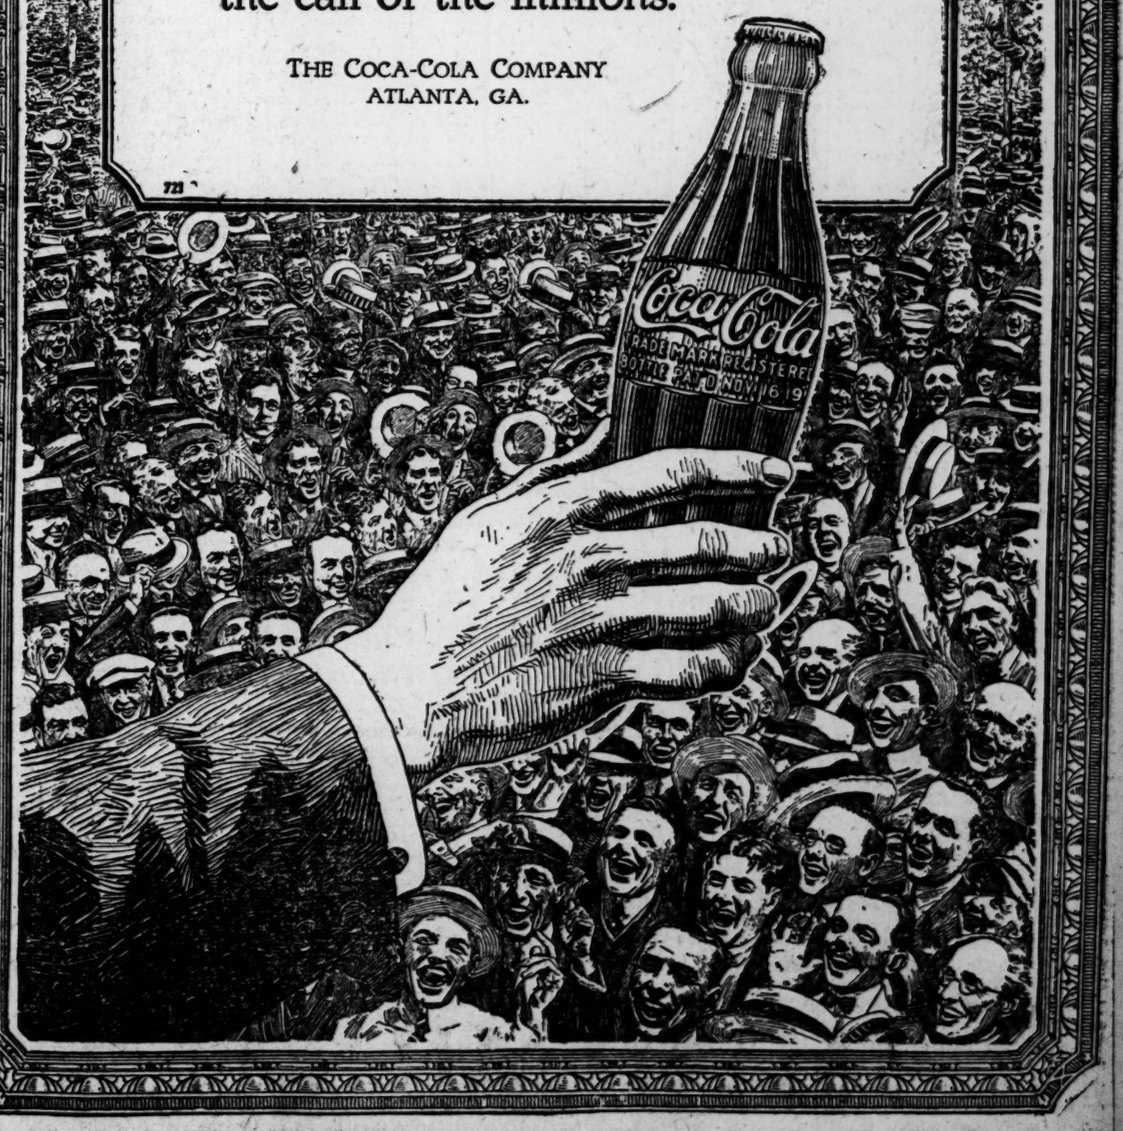

It should help you, like others.—(adv.)

REED GOES WEST.

Though sternly rebuked by the democratic convention of his state, which flatly and by an overwhelming vote refused to bestow upon him a delegate's commission, Senator Jim Reed, the Missouri obstructionist, "poison squad" lieutenant and self-obsessed Wilson-hater, is going to San Francisco whether or no.

He refused to be humbled by the state convention's repudiation of him and his political ilk, and managed somehow to get some sort of credentials as a delegate from a Missouri district.

Whether or not he gets inside the convention hall as a delegate on such a passport remains, of course, to be seen.

Nor does it matter much, for ever since the "poison squad" first came into existence it has been plainly evident that any member of it, or any sympathizer with its purpose and principles, would have about as much influence in the next democratic convention as they would have in the French chamber of deputies or the British house of lords.

If he gets in he will be able to sit and sulk and perhaps sputter a little, but that's about all.

Even the republicans are beginning to appraise him as a public official at his real value. In point, witness the following from The Los Angeles Times, republican to the bedrock, intensely so, for years and years personally owned, operated and edited by the late General Harrison Gray Otis:

"Senator Reed made a speech an hour long against the establishment of a national budget system. We are curious to discover something that the Missouri porcupine could really approve. He is about the most consistent, persistent and insistent knocker that we know of. If he were cast adrift in a lumber yard he could not construct himself a kennel, but he would devote his time and energy to tearing down any hut or palace that another had builded. If the president should submit the Ten Commandments to the senate for approval Senator Reed would count that day lost whose low-descending sun should find him without having busted one."

The republicans, of course, would like to see the San Francisco convention dominated by the Reeds, Vardamans, Hardwicks, Shields and Hoke Smiths of the democratic party.

But it will not be—rest assured of that.

It will be a genuinely democratic convention, with little or no seating space for choleric political acid-throwers and disgruntled obstructionists.

A CALL FOR FARM HELP.

The Albany (Ga.) Herald well says that the man who does not mind working on the farm—who is willing to lend a helping hand in the fields at this needful time, is "a highly important cog in the industrial machinery of the country."

For the reason that, in many sections, there is a distressing scarcity of such help, and wherever that is the case "the industrial machinery is limping badly in consequence."

In a call for farm help here at home, the Cordele (Ga.) Dispatch says that if one goes through the farms for any distance, and checks up the people that are working to make the crops, it will be found that many acres are being cultivated, of necessity, by white women and children.

The need of food crops is felt to such an extent that everybody that can help in any way must do so.

The Athens (Ga.) Banner, stressing the need of greater food production, says that there is no doubt of a food crop shortage in the west, and—

Irrespective of all prosperous conditions in the South, there is bound to come suffering unless increased foodstuff is raised. Money cannot buy that which is not in existence and the people of the South are facing a scarcity of food products which is bound to prove serious.

"Every family that has a garden spot should plant it in potatoes, corn, peas and other vegetables. Every pound of foodstuff conserved now will aid that much towards preventing a shortage before another crop is harvested."

It's time for all who can to get busy, and make the most of good farm-working weather.

RED CROSS SERVICE.

The public nursing service which the Atlanta chapter of the American Red Cross society has adopted as the principal feature of its peace program will go a long way toward ameliorating a really distressful situation in this city.

As Lee Ashcraft, chairman of the chapter, points out in his announcement of the plan, Atlanta's nursing service is, at the present time, and long has been—

"practically confined to two kinds—that of the public health nurses employed by the city, whose work is chiefly among the poor of Atlanta, and that of the registered nurses, who work almost exclusively in the hospitals and the homes of the well-to-do."

He goes on to say that—

"there is no nursing service available to the family that does not wish to accept charity, has the means to pay for some service, but cannot afford to send the patient to a hospital or secure a nurse in the home at $35 a week and up.

"The public health nurses of the city have their hands full already, winter and summer; the private hospitals are so crowded that reservations must be made weeks ahead of time; the facilities of Grady have long been inadequate, and the shortage of registered nurses is so great that they are very difficult to obtain even when the patient is financially able to employ them."

As a result of this deplorable situation it is undoubtedly true that many lives have been sacrificed in Atlanta through lack of timely and competent professional attention in time of illness.

The Red Cross purposes to the limit of its capability to meet this need for more nurses, supplying limited nursing service in homes.

A nominal fee will be charged—thirty-five cents per visit being the amount agreed upon—but that will be collected only from those who are able to pay for the service they receive, and in no case will poverty or inability to pay be permitted to stand in the way of service to those in need of it.

This is a commendable policy, and in adopting it the local Red Cross chapter abundantly vindicates the position of esteem and high appreciation it occupies in the public mind, regardless of the equally valuable services it has rendered for the benefit of the community in the past.

THE CASE OF JESTER.

The removal of Dick Jester from the Oakland City convict camp to the Bibb county chaingang on the eve of the 1920 legislative session marks the passing from the Fulton county convict system of a man whose record proves the utter futility of flogging as a means either of "reforming" convicts or of enforcing prison discipline.

It has repeatedly been pointed out by state and Fulton county prison authorities, in justification of the extent to which convict-whipping is practiced in the Oakland City camp, that it has been the policy of the prison commission to assign the "worst characters" and most incorrigible of the state's convicts to this county, for the reason that the authorities here are better equipped for controlling and disciplining them than are those of any other county; hence the high average of floggings here, as compared with those recorded against the wardens of other counties.

Dick Jester has admittedly been a most refractory and incorrigible prisoner; and he has been whipped probably more frequently and more severely than has any other man who has served on a chaingang in Georgia in recent years—probably since the unspeakable "leasing system" was abolished some years ago.

But the repeated beatings he has received for violations of prison rules have failed to make him tractable, obedient or amenable to chaingang discipline.

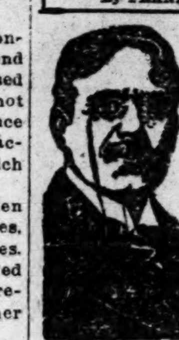

If whipping is effectual as a remedy for incorrigibility in men, why, it is fair to ask, has it so palpably failed in the case of Convict Dick Jester?

The truth of the matter is, men cannot be improved, either in morals or conduct, by the use of the lash—by the same methods of treatment that brutal teamsters inhumanely apply to their mules.

The flogging of men is a brutal, archaic, and wholly inhumane practice; and the system in accordance with which it is still practiced in Georgia ought to be abolished by the state legislature without a moment of unnecessary delay!

The "1919 Le Livre de L'Ecole 1920" has been printed by The Sikeston Standard, whose editor makes this defense of his work: "What is it? Derned if we know, nor does a single one of the grammar school. Someone thought that it meant 'liver and onions,' but could not see what that possibly could have to do with the grammar school annual. Anyway, it is finished, and it's a credit to the school and the printer."

"CALL TO QUARTERS"

(H. H. Foster in the New York Evening Post.)

I can hear the bands a-playing far below me in the street,
The din of people cheering and the crunch of many feet,
But it's all just like an echo, for my mind has wandered far,
To the sluggish Rio Grande, where I kind of think you are.

I just can't help a-thinking, as I listen to the tread
Of a thousand buddies marching, doing honor to the dead,
Of how I'd like to be there, a-basking in the sun
And sleeping in the starlight when the day's long march was done.

I don't know how I stick here, writing figures all day long,
When my heart yearns to be with you, in the troop where I belong.
And I guess I'll soon be leaving this gray town of busy men,
And a-heading for the open, just to be near you again.

As the crashing bands pass by me, my mind drifts miles away,
To the muddy roads at Flanders, where most all our gun crew lay;
And I almost hear the rumble as our caisson takes the road,
And hear you snort and struggle as you stumble with your load.

I can hear the skipper bellow, and cussing like a cub,
With me just saying nothing, just shoving on the hub;
For when Jerry started shelling, with the piece in hip-deep mud,
A million cussing officers weren't doing any good.

And how we 'ciprocated, as our skipper used to say,
And set the gun to "action front," and watched her flash and bray,
And dump her freight on German soil, while you and I stood by,
Just ducking every whiz-bang that whistled through the sky.

This music gets my goat, bud, a-breaking in my dreams,
And it sounds to me like "stables," and I guess that's what it means,
And some day when you're braying and looking for your hay,
You'll find me on the picket line in answer to your neigh.

THOMPSON HELD FOR VIOLATIONS OF THE DRY LAW

Leroy Thompson, 18 years old, of Miami, Fla., was held under a $1,000 bond on charges of violating the state prohibition law, by Judge Johnson in recorder's court Monday. The case against Mr. and Mrs. P. W. Hunter was dismissed.

The trio was arrested last Tuesday morning by Call Officers McWilliams and Hudson, following the capture of 89 quarts of rye whisky in a touring car they are said to have driven to Atlanta from the Florida city.

Thompson claimed the whisky and stated that Mr. and Mrs. Hunter did not know it was in the automobile, but were his invited guests on the trip.

HEALTH TALKS

By WILLIAM BRADY, M. D.

STATED SESSION OF THE SOMERSAULTAUQUA.

The somersaultaquans have just held another session. The secretary files the following report:

That Dizzy Feeling.

I am a woman 58 years old and have been turning somersaults for over a year. At first I could hardly turn six, as they made me so dizzy and upset my stomach, but I persisted and now can turn twenty without any trouble and come up on my feet smiling. I do them mornings and not evenings. (Miss I. L. K., Kentucky.)

ANSWER — That smile comes straight from the liver.

Only Sixty.

I find much benefit from your somersaults. I am only 60, but I hope to live to grow up some day. We would certainly miss your department if anything should ever happen to you or it. So don't quit your great work. (C. C. B., Wisconsin.)

ANSWER—I won't until I'm fired.

Compulsory Cheerfulness.

When the views of another man agree with our own we are prone to consider him a man of judgment and common sense. Perhaps that is why your articles appeal to me. Long ago I read one of your talks about morning rolls. All other physical stunts have proved too much for me—had to hold the instructions in one hand while trying to learn the technic or method. But I was attracted by the simplicity of somersaults and began to roll them. I may not have received more physical benefit from them than I would from ordinary exercise, but I found it impossibl to roll the undignified somersaults without being lifted into a cheerful frame of mind and leaving for the office in a pleasant mood. I am 54—and I can make a stern chase for a trolley with less distress than ten years ago. (I. M. P., Pennsylvania.)

ANSWER—Roll on, roll on, in cheerful state.

Start from Kneeling.

Here is a suggestion which may help to make your somersaultauqua still more popular, at least with the more timid members. While teaching my wife and daughter how to somersault I found they always tried to start from a position on their knees until I showed them how much easier it was by starting on their toes in a haunched position. Just try the difference. We are all strong "Bradyists" and greatly in your debt for the many helpful suggestions we have found in your department. (A. S., Wisconsin.)

(Note by Editor: Crouch with bended knees separated and heels together and toes apart, and then try to touch forehead to insides of heels, keeping hands and arms outside of knees. You'll go over and up on your feet so unbeknownst that it will surprise you. Unless accustomed to somersaults, better use a mattress or a tumble-into-health mat for this.)

Eusomersaults.

We have euthanasia, why not eusomersault I found they always pillows 28x20 inches and each weighing 6½ pounds, place them end to end on the floor, and then, arrayed in pajamas and slippers I take a step or two forward, in a little run, and placing my head close to the near edge of the nearer pillow, over I go, landing on my feet from the momentum. Not much chance of getting hurt this way. My sons, officers in the army, admit I do it gracefully, and I'll "tell the world," as the soldiers say, that my method is fine for the spine and body. (W. W. T., New York.)

Come on, old stiffnecks, get in and stir up your stagnant splanchnic pool. It is bad blood that stagnates in your abdomen and chest, thanks to sedentary life and false dignity, but you can put it back into circulation if you wish. These somersaults may impress an old maid a silly remedy, but they are not nearly so silly as the pills and massage and other things the same old maid (of either sex) relies upon. Some morning when you have a fine yellow-gray-green complexion and a similarly tinted state of mind, just roll yourself a half a dozen or so and watch the effect. You'll see stars if you've been too all-fired dignified, but stick to it. The dizziness or momentary nausea merely proves how sorely you need to stir up the old pool. Dignity is a very artificial thing, harmful enough to health and good nature, but one can overcome it by a determined effort.

COUNCIL ADOPTS PLAN TO CONTINUE SPRING ST. PAVING

City council passed favorably on a plan Monday afternoon designed to permit paving work to proceed on a portion of Spring street unhampered by injunction. The action of the body affected the section of the street between Marietta street, its southern terminus, and Cain street, one block north of Carnegie way.

Between these points the street is to be widened to a uniform width of 40 feet between the curbs, eight feet wider than it is at present. This is to be accomplished by cutting off a part of the sidewalk on each side of the thoroughfare, leaving whatever remains to serve as temporary sidewalks until they are widened to ten feet.

By cutting off the sidewalk, which belongs to the city and which it has a perfect right to do, the property owners will not have to be disturbed for frontage until permanent sidewalks are to be built. This plan was suggested to the street committee last Friday by Chief of Construction H. L. Collier, which body approved it and recommended it to council.

CRISP'S SECRETARY TAKES ATLANTA POST

Americus, Ga., June 21.—(Special.) John Greer, who has been secretary to Congressman Charles R. Crisp for several years, has resigned to accept appointment as stenographer to the Georgia court of Appeals of Atlanta. He is now in Atlanta familiarizing himself with the duties of the position, and his resignation will become effective July 1. Miss Gertrude Smith, of Americus, has been appointed to succeed him by Judge Crisp. Greer recently completed the law course at Georgetown university, Washington, D. C., and after some preparatory work will engage in the practice of his profession in Georgia.

ROTARIAN PROTEGES MAKE GOOD PROGRESS

Reports regarding the school work of the boys sent to Saint Johns-Haven at St. Simon's island, Ga., by the Atlanta Rotary club show that the boys have made excellent progress during the past year.

There were six of the boys sent the first of the year, but one of them was taken ill. The others have all climbed steadily in their school averages and conduct and without exception were promoted to higher grades.

ITALIAN TROOPS QUIT MONTENEGRO COAST

London, June 21.—Italian troops have been withdrawn from Antivari, Dulcigno and the whole Montenegrin coast, according to an official agency announcement at eBlgrade. Serbian troops immediately occupied the evacuated districts. There are now no foreign troops in Montenegro.

MULTIPLICITY OF LAWS APPALLING TO HUGHES

Cambridge, Mass., June 21.—Charles E. Hughes, speaking at the centenary of Harvard law school here today, declared that "in the art of governing themselves, we not only fall short of what we should expect in a free people of so great intelligence, but we frequently present a sorry spectacle." His subject was "Some Observations on Legal Education and Democratic Progress."

"A passion for legislation is not a sign of democratic progress," he said, "and in the mass of measures introduced in the legislatures of our free commonwealths, there is too little evidence of perspective, and an abundance of elaborate and dreary futilities.

"The regrettable thing," Mr. Hughes continued, "is that the tendency to enact uncertain laws seems to be increasing, and, what is still worse, that the people tolerate it and that there are but faint demands for improvement. In fact, there is a disposition to revert to the methods of tyranny in order to meet the problems of democracy. Intent on some immediate exigency, and with slight consideration of larger issues, we create autocratic power by giving administrative officials who can threaten indictment the opportunities of criminal statutes without any appropriate definition of crime."

"We went to war for liberty and democracy, with the result that we fed the autocratic appetite," he declared, "and, through a fiction permissible only because the courts cannot know what everyone else knows, we have seen the war powers, which are essential to the preservation of the nation in time of war, exercised broadly after the military exigency had passed and in conditions for which they were never intended, and we may well wonder, in view of the precedents now established, whether constitutional government, as heretofore maintained in this republic, could survive another great war, even victoriously waged.

"Apart from these conditions, we cannot afford to ignore the indications that, perhaps, to an extent unparalleled in our history, the essentials of liberty and being disregarded."

JUDGES BELIEVE COURT, NOT JURY, SHOULD FIX TERM

That the indeterminate sentence law has been approved by a majority of the judges in the state is indicated by a report obtained by the prison commission and made public yesterday. The report was collated from replies of the judges to a letter of inuiqry sent out by the prison commissioners.

While a majority of the judges give their indorsement to the law, many of them hold that it should be amended so as to require the judges and not the jurors to fix sentences. It is felt that the average juror is not sufficiently familiar with the administration of the criminal statutes to apply the law in the fixing of sentences and that it would be better left to the judges.

REVENUE OFFICER ANSWERS MURDER CHARGE, JULY 1

The first murder trial in the federal district court in nearly two years has bee nset by Judge Samuel H. Sibley for July 1, when Tom Curtis, former deputy United States marshal, will go on trial charged with shooting and killing Bob and Oscar Henderson in Union county three years ago when they attempted to prevent Curtis from arresting their father, Tom Henderson, for whom Curtis held a warrant charging illicit distilling.

The last murder trial in federal court here was in 1918, when Dimiter Popoff was convicted of murder in the first degree for killing Dr. James R. Brock, deputy warden of the federal prison. Popoff was sentenced to life imprisonment.

Chancellor Barrow Writes Impressive Letter to Graduates

Chancelor David C. Barrow, of the University of Georgia, has written one of the most impressive letters on record in the interest of progress and character growth to all members of the graduating class of the Georgia Military academy at College Park.

The letter of the chancellor to the 1920 G. M. A. graduates is as follows:

"Athens, Ga., May 30, 1920.

"To the Graduates of G. M. A., 1920. From David C. Barrow.

"Greetings: The happy days at G. M. A. are behind you on the calendar of time. You will find that they remain with you and are a part of you in their life-time influence on your human life and their immortal influence on your spiritual life.

"I trust no regrets will shadow these happy memories. Remember how much this privilege has meant to you and be loyal to your school.

"You will have missed the best part of your life at G. M. A. if you fail to continue to grow.

"Whether you go to college or enter business—grow.

"In the larger and larger communities which you enter, remember that the principles which brought success at G. M. A. will bring success wherever you go.

"Blessing and farewell,
"DAVID C. BARROW."

Home for Friendless In Need of Dresser And of Wash Stand

The Constitution is in receipt of an appeal from the Home for the Friendless which states that the home is badly in need of a dresser and washstand for one of the matron's rooms.

It is requested that anyone wishing to make a donation of either or both these articles, phone Mrs. Fred Patterson, chairman of donations, at Hemlock 2568, and they will be called for.

Sumter to Uncover Intangible Wealth Now Dodging Taxes

Americus, Ga., June 21.—(Special.)—Taxable bonds, notes and mortgages owned in Sumter county must hereafter be returned for taxation at a reasonable valuation. This was determined today at a meeting of the board of county commissioners and the county board of tax equalizers. Cotton produced and held longer than one year must also be returned for taxation.

The county equalizers have been seeking a way to bring these so-called invisible assets on to the tax digest, and plans for doing this were discussed today with the county commissioners. Approximately $1,000,000 worth of negotiable notes, mortgages and taxable bonds, it is said, are owned in Sumter county, of which only a relatively small amount have ever been returned for taxation.

ROTARY CLUBS MEET IN ANNUAL CONVENTION

Atlantic City, N. J., June 21.—The eleventh annual convention of the International Association of Rotary Clubs was opened here tonight with nearly 4,000 delegates in attendance. The gathering will be in session five days.

The opening was marked by an impressive pageant of nations, international officers and overseas delegates being escorted to their places on the platform by ladies of the International Rotary in native costumes, boy scouts, sailors and committeemen. Countries represented were Canada, British Isles, Cuba, Hawaii, Porto Rico, Uruguay, the Philippines, Latin America and India.

Albert S. Adams, of Atlanta, Ga., the international president, called the convention to order but deferred his annual address until tomorrow. During the past year, the association has increased its club enrollment from 450 to 600 club.

Fifth district Rotarians, including the clubs of New Jersey, Pennsylvania, Maryland, Delaware and the District of Columbia, opened a "hospitality hut" on the steel pier and it is here that the east will greet the west.

LABOR ISSUE LOOMING LARGE FOR DEMOCRATS

By WILLIAM SLAVENS M'NUTT,
United News Staff Correspondent.

San Francisco, June 21.—News of sentiment throughout the country being brought to town by arriving delegates and committeemen is making the labor issue loom large. When the republicans wrote what labor regards as a reactionary labor plank the democrats counted the labor vote as already in the till. They figured that no democrat save Palmer could be as offensive to labor as the Harding-Coolidge combination.

Then the convention of the American Federation of Labor at Montreal temporarily bucked Gompers off its back and declared for the Plumb plan. The democrats will probably have a reasonably liberal labor plank in their platform, but it is safe prediction that it will not declare for the Plumb plan nor any kindred scheme. The democratic labor plank is not going to be liberal enough to satisfy the demands of labor as expressed by the recent convention at Montreal.

Labor Wants Liberal Man.

And now come democrats pouring in from all over the country with the news that, while liberals and labor sympathizers are not keen for Harding, neither are they going to be keen for any democratic candidate who is not definitely liberal, and that no platform save one approaching the Montreal declaration will draw much of a labor vote in November.

Gompers has declared against a third party and called upon his followers to pick the field offered by the democrats and republicans, but events at Montreal proved that while Gompers is yet held in high esteem by organized labor he has not the power to compel labor to follow his political ideas. Unless the democrats provide a platform more radical than can be expected and offer McAdoo as the head of the ticket evidence is that the labor and liberal vote this year will go practically solid to the labor and liberal third party or to the socialists.

The Parties and Labor.

Palmer's workers here are busy arguing that despite his injunction record he can do better with labor than Harding and Coolidge. But the evidence at present legitimizes the belief that neither republicans nor democrats are going to do much good for themselves with labor and liberals this year, unless, of course, the democrats offer McAdoo—or, perhaps, Cox—running on a platform containing a definite wet plank and a flat declaration in favor of government ownership of railroads.

EDUCATIONAL FILM FLASHED ON SCREEN ON CAPITOL LAWN

Several fine reels of educational films, showing various methods of modern agriculture and education, and other interesting topics, were exhibited Monday night on the lawn of the state capitol. The pictures were shown by the state board of health, the American Red Cross and the Southern Bell Telephone and Telegraph company.

The exhibition was attended by Governor Hugh M. Dorsey, who gave the exhibitors permission to use the capitol grounds. Governor Dorsey became very much interested in a new generator which was used in projecting the pictures. It is claimed this generator makes it possible to use a small automobile to supply the current for operating the moving picture machine, enabling persons engaged in visual educational campaigns to show pictures in remote sections of the state.

Exposition Mills Hearing Closes; Decision Withheld

Attorneys in the suit of the Consolidated Textile corporation against J. L. Dickey and others, directors of the Exposition Cotton mills, closed their arguments Monday on the defendants' demurrer and motion to dismiss before Judge Samuel H. Sibley in federal court. The hearing commenced Saturday.

After attorneys for the opposing sides had made their closing addresses, Judge Sibley took the case under advisement, and a decision will be forthcoming in the next few days.

The issue involved is the right of certain stockholders in the Exposition Cotton mills to bind themselves to carry out an agreement before it has been submitted to and passed on by the stockholders as a whole.

It is alleged by the plaintiff corporation that it entered into an agreement to purchase the Exposition Cotton mills, but that afterward the directors of the mills repudiated the agreement and tried to sell the mills to the Hunter Manufacturing and Commission company, a New Jersey enterprise. The latter transaction is temporarily restrained by an injunction secured by the complainant corporation.

LANIER UNIVERSITY SUMMER SCHOOL OPENS

The third annual summer school of Lanier university will open Tuesday morning with an unusually large attendance. Professor W. C. Kean, an educator of wide experience, will be in charge. Large numbers of students are availing themselves of these summer schools.

Professor Kurt Mueller and Professor C. Rowland Flick will be in charge of the conservatories during the summer. Professor George A. Hawkins will be in charge of the commercial college and will offer courses in shorthand, typewriting, bookkeeping and banking. President Fowler announced today that he has in the summer school faculty the most expert line of teachers that have ever worked in the summer school.

By another year Dr. Fowler, together with Dr. J. D. Bradley, of Alabama, will be ready to offer a great chautauqua course and full graduate, post-graduate and other courses. The purpose of the university is to establish in Atlanta one of the largest summer schools of the south.

FARMERS INVITED TO BRING PRODUCE TO MARKET HERE

Invitations are being mailed to all truck farmers in Fulton and adjoining counties whose addresses can be obtained asking them to brint their produce to Atlanta and place it on sale in the curb market which will be opened here Saturday, June 26. The invitation cards are being prepared by Mrs. Norman Sharp, chairman of the market committee of the Atlanta Woman's club.

The market will open each Tuesday and Saturday after June 26 from 8 until 2 o'clock. On the opening day next Saturday, parking space will be awarded in Gilmer and Courtland streets at the Auditorium, in the order of arrival of the vehicles. The same space may be retained on subsequent days, provided the vehicle is in place in time for the opening of the market.

GEORGIA MEMBERS WELCOME GUESTS AT 82D MEETING

Southern men who are former members of the Eighty-second division forces that saw training at Camp Gordon and later took part in some of the heaviest fighting of the war will be welcome guests at the first meeting of the Eighty-second Division association to be held Tuesday, June 29, at the armory of the Ninth Coast Defense command at Fourteenth street and Sixth avenue, New York.

This is the assurance of E. A. L. Bennett, former Eighty-second member and a booster for the division association, in a letter to The Constitution urging that all men who at that time visit New York from Georgia and Atlanta be sure to attend the session and meet their old "buddies."

There are approximately 5,000 Eighty-second veterans in and immediately around New York, but Mr. Bennett writes that much trouble is being experienced in communicating with them. With the southern men who will attend the initial session of the association, however, a large crowd is anticipated.

WARMER DAYS COMING

Weather Man Says Tuesday to Bring Mercury Rise.

"A little warmer for Tuesday" was the prediction of the weather man Monday. 'Monday was the coolest day we have had in the month of June, with the thermometer starting in at 62 degrees at 7 o'clock, and only rising 14 degrees during the day. Prospects are fine, though, for several days of warm weather all over the cotton belt."

The weather has cleared up west of the Mississippi, and showers were reported during the past 24 hours in the cotton belt, chiefly in the states from Alabama to North Carolina, including northern Florida. Unsettled, showery weather still prevails in the northeastern secitnon under the influence of an area of low atmosphere pressure central over Lake Erie. Temperatures are moderate in all sections of the country. Fair weather will now prevail in Georgia.

Women of Atlanta Organize for Drive; Many Contributions

The organization of the women of Atlanta, under the leadership of Mrs. J. E. Wirick, of the Atlanta Community Service, and Mrs. T. T. Stevens, and the promise of support by the Atlanta Athletic club were important announcements in the progress of the Community Service drive for a $30,000 expansion fund Monday, in addition to the securing of subscriptions to the amount of $20,000 on the opening day.

Chief among the subscriptions received Monday were those of Mell R. Wilkinson, $1,000; John A. Manget, $1,000; David Woodward, trustee, $1,200; Atlanta Steel company, $250; Atlanta Stove works, $100; Harry P. Hermance, $200; Norris, Inc., $100; Western Electric company, $100; J. J. Blount, $100; V. H. Kreigshaber, $100.

Robert E. Harvey, general chairman of the campaign, addressed a group of the women of Atlanta at the Winecoff hotel Monday, outlining the work of the drive and expressing confidence in the successful outcome of the plan to insure permanent and broadened community service in Atlanta. The women addressed were volunteer workers in the campaign.

The work of the community service among the negroes is also to be extended in the new work of the organization. It is definitely planned to erect two playgrounds for the colored people, one in the West End and one in the Edgewood avenue district, and to supply them with expert organizers and supervisors for the systematization of athletic development among all ages and sexes.

Democratic Nomination Fight Between Palmer And Cox, Says Heflin

Washington, June 21.—The fight for the democratic nomination at San Francisco will be between Governor Cox, of Ohio, and Attorney General Palmer, according to Representative "Tom" Heflin, of Alabama, who indulged in prophecy here today before leaving for the coast. Heflin, who is his party's nominee for the senatorship left vacant by the death of Senator Bankhead, would not say which of the two contenders he named would have his support.

Heflin indicated his willingness to take former Secretary McAdoo's declination as final, and refused to comment on the assertion that the president's son-in-law was merely playing deep politics and would be found accepting the nomination. The persistent "third term" talk for President Wilson found him uncommunicative.

"But whomever we nominate," he concluded, "we are going to win, and win with a vengeance. The republicans have played everything right into our hands, as far as the candidate, the platform and the party record in congress is concerned."

WEEVIL PRIZES OF $275 AWARDED IN AMERICUS

Americus, Ga., June 21.—(Special.) Ten cash prizes totaling $275 were distributed here today among boys and girls who participated in the boll weevil drive conducted last week by Americus merchants. The first prize of $50 went to Miss Monteen Hansford, and in addition each participant in the drive received one cent for each weevil killed.

There were 5,377 of these destroyed during the drive. White girls and boys awarded prizes were Monteen Hansford, $50; Robert Manry, $30; Embree Williams, $25; Frank Sullivan, $20; Buster Roberts, $10; and George Neal, $5. Madeline Barlow, Margery Barlow and Susan Womack, three negro girls, were awarded prizes of $40, $35 and $25, respectively.

DR. STIMSON TO LEAD REVIVAL SERVICES

Beginning June 21 and lasting through the 30th, Dr. R. M. Stimson will conduct revival services at Inman Park Presbyterian church, corner Euclid and Druid circle, every evening at 8 o'clock.

F. L. Willis will have charge of the music. The public is cordially invited to attend.

RACE FOR GOVERNOR GIVEN NEW IMPETUS

Two Candidates for High Honor Meet Friends in Atlanta Monday.

As predicted, the campaign for governor in Georgia took on a new impetus yesterday with all of the campaign managers on the job and two of the candidates, former Attorney General Clifford Walker and Speaker John N. Holder, in the city meeting with their friends. The third candidate former Senator Thomas W. Hardwick, was en route to San Francisco, where he goes as a member of the contesting Smith-Watson delegation.

Mr. Walker announced that he had secured Rooms 108-110 of the Kimball house as his permanent headquarters and that they would be opened immediately after the convention in San Francisco. Meanwhile, he is running his campaign from his temporary headquarters on the fourtheenth floor of the Citizens and Southern Bank building. Mr. Walker declared that he had selected James H. Dozier, of Athens, as his campaign manager. Mr. Dozier was in the city and was presented by Mr. Walker to many of his friends.

Speaking of his plans for the campaign, Mr. Walker said that he expected to get out on the stump and discuss state issues with the people face to face so that every voter would have an opportunity of knowing just where he stood on each issue before the campaign was over. Mr. Walker added that he was in receipt of most encouraging reports from his friends in all sections of the state.

The headquarters of Speaker Holder were opened in Rooms 208-210 Kimball house by Garland M. Jones, of Newnan, his campaign manager, who will be in active charge from now unti the primary in September. Mr. Holder himself spent the greater part of the day at headquarters, where he was busy receiving a stream of callers all day long. He received many congratulations on his platform published in Sunday's papers, and he declared himself greatly encouraged over the outlook for his election.

Judge G. H. Howard, of Columbus, arrived in the city Monday to take charge as manager of Mr. Hardwick's campaign. His headquarters are in Rooms 408-410 Kimball house. Judge Howard said that his court duties would allow him to spend the greater part of his time during the summer in Atlanta, and he expected to be at headquarters the greater part of each week actively pushing the cause of the former senator. He, too, said that his campaign reports were of the most encouraging nature.

LEADERS OF LABOR DISCUSS POLITICAL STAND IN GEORGIA

The projected non-partisan political committee, which had its inception at the spring convention of the Georgia Federation of Labor and was further developed at a meeting Sunday morning in the Labor temple, at which the federation and the railway brotherhoods were represented, was laid before the joint legislative committee, representing the four railway brotherhoods, the Farmers' union and the Barbers' union, held yesterday afternoon at the railway branch of the Y. M. C. A. The federation was represented by W. P. Raoul, president, and John A. McCann, secretary.

Neither J. H. Mills, president of the Farmers' union, nor W. A. Woodall, chairman and vice chairman, respectively, of the legislative committee, would make a statement as to what action was taken on the matter, but it is understood upon reliable authority that the farmers and the barbers will co-operate with the Georgia Federation in financing the committee, the railway brotherhodos already tacitly committed to its support, although they have not ratified their delegates' action of Sunday morning in joining in its campaign.

No definite plans for the prosecution or financing of the non-partisan campaign were discussed, it was said, for the reason that the legislative committee's business occupied the whole session.

Arthur Keep, representative of the Plumb Plan league, addressed the Tailors' local last night on Glenn Plumb's plan for an administration of United States railroads by the tripartite board of directors on which the public, the managers and the employees of the railroad shall each have a representation.

VOTERS WILL USE SCHOOL BUILDINGS FOR CITY PRIMARY

The subcommittee of the city democratic executive committee will meet at city hall this afternoon at 6:30 o'clock to complete details of the plans for holding the municipal primary of July 26.

W. F. Dykes, superintendent of the Atlanta schools, has agreed to allow the committee to use the school buildings in various parts of the city for polling places, and it is expected that the committee will take advantage of this offer. Fees for candidates who are entering the race to fill unexpired terms will be fixed today.

RETURN FROM FUNERAL OF WAYNESBORO MAN

Judge Alex Stephens, E. R. DuBose, Mrs. Jean Anthony and Dr. Ernest Anthony have returned from Washington, Ga., where they attended the funeral last Tuesday of Wylie H. DuBose, a well known and prominent citizen of Wilkes county.

Mr. DuBose was born in Washington fifty-eight years ago and had spent all of his life there. He was connected with some of Georgia's oldest and most prominent families, having been the only son of Mr. Wylie DuBose, of whom he was bereft when he was an infant, and his mother was Miss Lucy Willis, who was one of Washington's best and most beloved women.

He is survived by his wife, who was Miss Julia Toombs Anthony, and two daughters, Misses Lucy Willis and Julia Toombs DuBose.

BUSINESS COLLEGE SECURES HOHENSTEIN

The many friends of C. V. Hohenstein will be pleased to learn that he has recently become associated with the Atlanta Business college, 34½ Luckie street, as vice president of this institution.

Mr. Hohenstein is favorably known among the business interests of Atlanta, through his connection with the advertising club as secretary. He recently attended the international convention of ad clubs at Indiaanpolis and assisted materially in bringing the 1921 convention of the Associated Advertising Clubs of the World to this city. The Atlanta Business college is being congratulated on securing Mr. Hohenstein's services.

AMERICAN CONSUL TO VISIT BROTHER

Hon. Lucien Memminger, United States consul for four years at Madrad, India, and now consul at Leghorn, Italy, arrives in the city this morning to be the guest of his brother, Rev. W. W. Memminger, pastor of All Saints church. Mr. Memminger will be in Atlanta until July 1.

RAILWAY EXPRESS HEARING BEGINS

Increased Rates Proposed for South Are Declared Unjust by Counsel for Wholesale Grocers.

The hearing before Fred Barclay, examiner for the interstate commerce commission, on the petition of the American Railway Express company for an increase of interstate rates and a general reclassification of commodities, which was begun Monday morning at 10 o'clock, will be resumed this morning in the federal courtroom.

The last witnesses before Examiner Barclay Monday afternoon were T. D. Guthrie, of Jacksonville, Fla., traffic manager of the Southern Wholesale Grocers' association; H. N. Lovill, of Mount Airy, Ga., and W. D. Burr, chairman of the Florida railroad commission. The fight on the express company's petition is being led by the Southern Wholesale Grocers' association. Attorney Edgar Watkins is counsel for the association.

Claim Rates Are Unjust.

Counsel for the wholesale grocers sought Monday afternoon to show that the rates proposed for the south are unjust, inasmuch as they are 35 per cent higher than in the north. It was contended that, owing to the fact that southern terminals are less congested than those in the north, and to the better climatic conditions, it should be much easier to transport express in this section than in the north, and therefore the rates should be as cheap, if not cheaper.

Mr. Lovill, of Mount Airy, declared that the proposed 75 per cent increase in rates on express shipments of poultry would practically destroy the poultry-raising industry in the south. W. D. Burr voiced objections to the petition in behalf of fruit and vegetable growers of Florida.

The petition of the express company asks for an increase of 33 1-3 per cent in terminal charges and an increase of 20 per cent in haulage charges over the rates fixed in 1914 by the interstate commerce commission.

Harrison Presents Case.

The Monday morning session was consumed in the presentation by T. B. Harrison, general counsel of the express company, of the case for his client, and his explanation of a book of exhibits, consisting of an elaborate compilation of statistics, purporting to show the progressive losses of the company and its associated companies since 1911. Exhibit 1 was introduced to show that the net operating income for 1911 was $8,445,116.52, while for the calendar year of 1919 the net deficit was shown as $25,105,928.68.

In addition to Attorney Harrison, the express company is being represented by R. C. Alston, associate general counsel; E. M. Williams, vice president; J. B. Hockaday, general manager; F. S. Holbrooke, traffic manager, and M. D. Smith, superintendent.

HAYS WILL RUN G. O. P. CAMPAIGN

National Chairman Assumes Active Charge. Harding to Be Notified July 22 and Coolidge July 27.

BY JOHN GLEISSNER,
United News Staff Correspondent.

Washington, June 21.—Will H. Hays, chairman of the republican national committee, today assumed direction of the presidential campaign of Senator Warren G. Harding.

Hays is to be supreme chief of the party's forces. He discussed campaign methods and other political matters with the candidate today, in a conference attended by Harry M. Daugherty, of Ohio, Harding's preconvention political manager, and other leaders.

It was determined that the active center of the campaign will be in Chicago, where Hays will spend most of his time between now and November.

The conferees assert Daugherty does not resent relinuqishing the campaign managership, and that he will continue active in Harding's behalf. It is understood Hays plans to place him on several committees, one of which probably will be the campaign executive committee, which is to be the organization immediately responsible for getting votes. Hays expects, however, to have all national committeemen actively at work.

The personnel of the campaign executive committee is to be announced Tuesday. It will have fifteen members, five of them women, among whom will be a vice chairman and an assistant chairman.

New York will be important during the campaign, as heretofore, but the real center of things will be in Chicago, and Hays will spend most of his time there. Headquarters will be maintained also in Washington and San Francisco, with a sub-station at Denver.

Others at the conference were National Committeemen John W. Weeks, of Massachusetts; A. T. Hert, of Kentucky, and J. L. Hamon, of Oklahoma; Fred W. Upham, national committee treasurer, and Clarence B. Miller, committee secretary.

Notification Dates Fixed.

The conference was held to discuss the date and manner of formally notifying Harding of his selection as a candidate, to name the campaign executive committee, and to consider the general political outlook. It will continue through Tuesday.

The conference decided that Senator Harding will be formally notified of his nomination as the republican presidential candidate July 22 at his home in Marion.

Governor Coolidge, of Massachusetts, will be notified of his nomination by the republican party for vice president July 27 at his Northampton home.

The leaders determined today that Harding shall "out-McKinley McKinley" in making his front porch campaign. He will do most of his speaking from Marion, his home, appearing occasionally in the larger cities on request. There will be no barnstorming or touring. This was decided to be the best political strategy, and an effort will be made to "restore dignity" to presidential campaigning. Governor Calvin Coolidge, of Massachusetts, Harding's running mate, will do like Harding.

Harding Receives Leaders.

Prior to his conference with the national committee members, Mr. Harding held conferences with Senator Kellogg, of Minnesota; former Senator Albert J. Beveridge, of Indiana, a former progressive leader; former Senator Marion Butler, of North Carolina, and Judge Peter C. Pritchard, who received the vote of the North Carolina delegation in the Chicago convention for the presidential nomination. All pledged their support in the campaign. Senator Smoot paid the nominee a farewell visit before leaving for his home in Utah.

Former Senator Beveridge said, however, that progressives will reserve the right to go beyond the republican platform on labor issues, and to put their own interpretation on what the platform says in that regard.

"Senator Harding is the nominee of the republican party and we are going to support him," Beveridge said. "But I have my own views on labor questions and I will make my own platform when I get on the stump."

He said Harding will have two objectives in the campaign—rejuvenation of the party and a return to constitutional forms of government through party control.

"It is a program on which we, who call ourselves liberals, can unite," Beveridge said.

Senator Kellogg, of Minnesota, former Roosevelt supporter, declared that the ticket is one of the strongest ever named.

"There is no exception anywhere and no division of party," Kellogg said. "The republican party is 100 per cent back of Harding and Coolidge, and they will be triumphantly elected. I find that instead of hysterical enthuisasm for the ticket, there is rather a genuine confidence and satisfaction."

Statement b yHays.

Chairman Hays, who has maintained silence since the Chicago convention, issued a statement effusively praising Harding. It follows:

"Senator Harding possesses just those vital qualities of mind and heart necessary today and in the time just ahead. His poise of mind, his soundness of judgment, his hold on fundamentals, his appreciation of the needs of today and of tomorrow, his love of the people, from who mhe came, and of whom he was one, and his faith in them; his magnificent grasp of large affairs, his great native ability and his training in statesmanship, his regard for the opinion of others, his experience and success in the handling of men, his proper appreciation of his country's position as a responsible factor in the world's future, but with the fullest realization of the absolute importance of our own supreme nationalism; his sterling Americanism, his righteous character and manhood and, withal, his humanness, all qualify him in the most exceptional degree for the tremendous responsibilities which will soon be his. He will make a splendid candidate and a great president. The country will love him, honor him, trust him and follow him, just as all who know him love and trust him, and the world will hnor him.

"Too, in Governor Coolidge, we have a candidate for vice president that measures up to every requirement of the country, Fortnuate, indeed, is the country."

STATE UNIVERSITY BRANCHES PRESENT FINANCIAL NEEDS

Although the budget and efficiency commission was in session practically all day Monday, it was unable to conclude its work and will meet in the governor's office again today at 10 o'clock. Representatives of several state departments and institutions went before the commission Monday to present their needs.

J. J. Conner, chairman of the board of trustees, and Dr. A. M. Soule, president, headed a committee which appeared on behalf of the State College of Agriculture. They showed that the work of the state college could not possibly be continued on the scale that it has been conducted and meet the growing demands of its students without a greatly increased appropriation.

The situation of the various educational institutions at Athens calls for prompt action by the legislature to rescue them from a crisis, it is said. There was a balance of $43,840.24 available in the treasury Saturday, which was reduced Monday to about $24,840 by long overdue warrants from the governor aggregating $19,000. These warrants included two for $9,100 each, payable to the State College of Agriculture on what is known as the Smith-Lever fund for the months of April and May. This money must be paid by the state before an equal sum appropriated by the federal government can be drawn. The quota for June, which is overdue, has not yet been paid.

A considerable sum of money owing to the university proper for the month of April is still unpaid, the assistant treasurer said Monday.

Representatives of the state board of health asked for $25,000 to continue the important work of eradicating malaria in south Georgia.

Several representative negroes went before the commission and asked the body to recommend the establishment of an agricultural school for negroes.

WALTON STREET REALTY DEALS MADE MONDAY

Two realty deals of importance on Walton street announced Monday were the purchase of the northeast corner of Walton and Cain streets, with a Walton frontage of 100 feet, by William Oldknow from E. P. McBurney, and the purchase of the old Woodside property, occupied by the Vittur stock yards, by W. W. Orr from C. W. Lane.

The corner lot was bought by Mr. Oldknow for $35,000 through Forrest & George Adair for the site of the commodious new home of the Southern Theater Equipment company. The property bought by Mr. Orr for $55,000 through the same realty firm will be improved by a large automobile and service garage.

Important Issues To Receive Comment Of Local Chamber

A number of important national questions, notably those dealing with the labor problem, will be included in the list which will be passed upon by the business and professional men of Atlanta through the Atlanta Chamber of Commerce as a step in the referendum being taken by the United States Chamber of Commerce to determine its policies.

One feature of importance in the series of questions upon which the Atlanta men will record their views is the matter of measures to prevent by law the striking of employees of public utilities.

The right to open-shop operation by all classes of industry and business, the creation of courts to decide controversies between employees and employers, with a stipulation of finality in the tribunal's decision, the right of voluntary association for accomplishment of lawful purposes by lawful means, and the legislation against strikes in public utility corporations are the chief features embodied in the national chamber's questionnaire.

SOLONS GATHERING FOR 1920 CONVENTION

Continued From First Page.

a portion of it to the general exchequer for the payment of legislative expenses. A serious obstruction in the way of a loan, however, is that the governor has already borrowed $500,000 from the fund to pay confederate pensions, and the constitution does not authorize the governor to negotiate a loan of more than $500,000 in any one year.

It developed Monday that strenuous opposition would be forthcoming from some of the county commissioners if the legislature undertook to apply the motor vehicle fund to any other use than roadbuilding. Oscar Mills, of the Fulton commission, has given instructions to County Attorney E. E. Pomeroy to fight the matter even into the courts if need be.

Might Enjoin Treasurer.

While it would be out of the question to undertake to enjoin the legislature from passing the resolution, an injunction might possibly be brought against the state treasurer to prevent him from paying the solons out of the fund, after the resolution had passed. Warrants for the pay of the legislators are the only warrants drawn on the treasury which are not required to be signed by the governor. They are signed by the presiding officers of the respective houses instead, and countersigned by the comptroller general.

Charles L. Davis, of Meriwether county, head of the state association of county commissioners, who was in the city Monday, also expressed himself as being opposed to any use of the motor vehicle fund for other than roadbuilding, and the executive committee of the county commissioners' association, of which Mr. Davis is chairman, and Mr. Mills, also a member, may take action in the matter as a body.

Major Devereaux F. McCletchey, of the resonant voice and winning countenance, will call the roll as secretary of the senate, while the popular and efficient W. E. Bismarck Moore will officiate as clerk of the house on the other side of the capitol. It is known that some changes from last year will be made in their respective staffs, but these were not ready to be announced

SWITCHMAN KILLED ON GEORGIA ROAD; ENGINE DERAILED

Athens, Ga., June 21.—(Special.)—This afternoon at 5:45 o'clock a switch engine of the Georgia railroad derailed and killed a white man, Earl O. Shealy, switchman, formerly of Augusta, but now of Athens. He was buried beneath the coals of the engine.

Those receiving slight bruises were: W. W. Langston, conductor; A. M. Johnson, engineer; Dan D. Fenn, switchman, and A. D. Tennent, switchman, all of Augusta. The cause of the wreck has not been ascertained.

TRUSTEES TO DECIDE ON WESLEYAN HOME

Macon, Ga., June 21.—(Special.)—Dr. W. F. Quillian, president of Wesleyan college, anounced today that a definite decision will be reached during the first week in July as to whether Wesleyan college shall be moved or remain in its present location. The trustees will meet at that time and if they decide to retain the present location, work will be started at once on a new dormitory to provide additional accommodations for 200 students. In the event it is decided to abandon the present location, the college will be moved to one of the suburban sections and an entire new plant erected.

Macon Rent Payers Charge Collusion In Letter to Palmer

Macon, Ga., June 21.—(Special.)—Charging that an unlawful combination exists between Macon landlords and their agents, a number of Macon tenants today sent a joint letter to Attorney General A. Mitchell Palmer in Washington, asking him to invoke some federal law to provide relief. The letter, signed by ten residents of Cherry street, charges rents have been increased from 50 to 100 per cent. The tenants clai mthey have no other alternative than to sign contracts four months in advance at the increased rentals, or be evicted on October 1. The appeal has been made to Attorney General Palmer because of the fact that there is no state law in Georgia covering the subject.

WATER POWER DEVELOPMENT IN GEORGIA

The so-called **Municipal League of Georgia** in its efforts to destroy individual enterprise in Georgia has been publishing statements calculated to **mislead and deceive the people** of Georgia and to prejudice public opinion against the Companies developing water power.

The purpose of this article is to acquaint the public with the pedigree of the "Municipal League of Georgia." Other articles will follow to **show wherein the claims of the Municipal League are erroneous and misleading** and that if not willfully deceptive are creating an impression which is false and dangerous; that these claims are based upon an insufficient knowledge of the facts or made with an **utter disregard of facts.**

The pedigree of the "Municipal Ownership League" is as follows:

The Public Ownership League of America has its headquarters in Chicago. The Secretary of the Organization, Carl D. Thompson, was formerly City Clerk of Milwaukee, during the **Socialists' Regime** in that City under Mayor Seidel. Subsequently, Thompson was made head of the **National Socialist Organization Information Bureau.**

In "Public Ownership News Letter" of August, 1919, sent out by the Public Ownership League of America under the heading **"Atlanta and Georgia Organizing,"** occurs the following news item:

A Letter Just Received From Marion M. Jackson, Says

"We are now in the midst of our fight here, both locally and for the State. It is our purpose to organize both in the City of Atlanta and the State, a non-partisan public ownership league. We would be delighted to receive from you any details and suggestions. Our fight is just begun and we are going to need every force to bring it to a successful conclusion."

"Mr. Jackson and Mr. John Eagan, as well as Hon. James L. Key, the Mayor of the City of Atlanta, are all members of the Public Ownership League."

GEORGIA RAILWAY & POWER CO.

P. S.: Taxes paid the City of Atlanta by the Georgia Railway & Power Company in 1919 amounted to $257,701; paving charges amounted to $78,135, or a total of $335,836. This sum paid yearly for 30 years and compounded at 7% would amount to $31,723,337.22.

Crackers Lose First Game to Chickasaws, 4-1

MISCUES LOSE FOR CRACKERS

Memphis, Tenn., June 21.—(Special.)—Home atmosphere appears to agree with the Chickasaws of Memphis. Following a most disastrous invasion of foreign fields last week, the tribesmen returned Sunday, defeated the Travelers, of Little Rock, and turned in another well-earned victory today when they opened the series with the Crackers, of Atlanta, by trouncing the Georgia troupe by the score of 4 to 1.

Maybe it was the fact that the Crackers were using unfamiliar batting sticks and maybe again it was the pitching of Dazzy Vance, the elongated blond hurler of the tribe, but nevertheless the hitting of the Crackers was light and especially so with Cracker runners in scoring sight. They secured six hits, all of the single variety, off Vance, and they were scattered thrughout four innings. In five innings the Crackers went out in the order that they went to bat. The bat bag of the Atlanta club failed to arrive here up to the time of the game and the visitors borrowed bats from the Memphis club.

Johnny Suggs, a left-sided Cracker pitcher, and his teammates had one bad inning, the first. While Johnny and his helpmates were having their troubles, the Chicks were profiting thereby, and scored three runs which ultimately proved sufficient to win the game. After the first round, Suggs settled down and pitched a good game, the Chicks scoring but once therafter, when three hits produced a score in the fourth.

Yale Sloan, the first Chick batter, greeted Suggs with a single to center. Suggs plucked Jack Lewis in the ribs. Dixie Carroll dropped a single back of second and the bases were filled. Polly McLarry forced Carroll at second, but Sloan scored on the out.

Lewis and McLarry set out upon a double steal and Lewis scored and McLarry went to third when Powell heaved into centerfield in an effort to head off McLarry at second. Griffin walked and then stole second. McLarry scored when Blades went out on a fly to Mayer in center.

The Chicks batted another runner around in the fourth. Griffin doubled for an opener and went to third when Blades beat out a bunt to Suggs. Andy High hit into a double play, forcing Blades at second. Griffin was held at third, but did not remain there much longer, for Meyers lined to center and "Griff" counted. In the last four innings Suggs allowed but one hit and was brilliantly supported.

The lone Cracker score came in the sixth, when it looked like they were going to do more scoring. Suggs singled and went to second when Mayer followed suit. Martin walked and the bases were jammed. Wingo, noted for his hitting proclivities, swung three times and strolled to the dugout. Charlie High went out on a long fly to Griffin, with Suggs scoring on the out. Crackers were left stranded on second and third when Blades tossed out Kauffman.

The Crackers had chances to score in the fourth and seventh, when Vance pitched himself out of two bad predicaments. Mayer opened the fourth with a single. Martin and Wingo went out on lofters to the infield. Charlie High singled, sending Mayer to second, but Kauffman flied out to Carroll to end the round. Smith started the seventh with a fly which fell safely back of second, but went out, Carroll to Blades, while trying to stretch it into a double.

The fielding of Smith at third, despite the one costless error he made, was brilliant and helpful to Suggs in keeping prospective Chick runners off the bases. He made one of the prettiest plays seen here this summer, when he flagged with his bare hand what looked like a sure hit by Vance opening the seventh, and threw Vance out.

The Crackers are short of pitchers as only three hurlers are here with them. They are Suggs, Sheehan and Boone.

Manager Frank, of the Crackers, announced yesterday that Brazill, a second baseman, had been sent to the St. Paul club of the American association.

Little Rock, June 21.—Glazener's wildness largely was responsible for Little Rock's 5-to-3 victory over Birmingham here today. While the locals are credited with twelve hits, no less than seven were infield scratches. Yellowhorse pitched effectively for Little Rock, slow fielding being responsible for all of Birmingham's runs.

SAINT PAUL PROCURES BRAZILL

In the rapidly changing personnel of Manager Cholly Frank's Atlanta club, the last member to be cut off by the pruning knife was Frank Brazill, but his release to the Saint Paul club of the American association was by no means caused by inability to make good. Frank, with a hitting percentage of .333, was the leader of the team and in other departments of play, no flaw could be found in his exhibitions.

Brazill will leave tomorrow and the condition of his arm still makes it impossible to play, so he has played his last game in a Cracker uniform. It is understood that the release of Frank was in consideration for the two recent additions to Frank's line-up, Martin and Smith.

Frank will be missed from the team, but the last week raised the appraisal of the Cracker outfit and it can be seen that some other members of the team are hitting a stride that will probably carry them to a figure around the mark that Frank was hitting. Charley High is still clouting the ball above the .300 mark and shows no signs of a let-up, while Red Wingo bears evidence of developing into one of the swat kings of the circuit.

JOE SLAUGHTER GETS DRAW WITH CHARLIE STINSON

Billy Hooper staged a classy colored fight show at the Auburn street arena last night with Joe Slaughter and Charlie Stinson, battling six bloody rounds to a draw, in the headliner on the bill. Slaughter started off with a fierce rush and piled up a big lead in the opening round with clever infighting and right and left hooks to the chin. Stinson led the fighting for the next three rounds with Slaughter waiting for a chance to put over the K. O. At the end Stinson was bleeding profusely and weak on his feet, giving Slaughter a draw.

Young Langford started early and applied the fast right uppercut to Battling Corbett's chin until the latter gave up the guns and the fight in the third frame.

The fastest thing on the card was the battle royal between six scrappy youngsters. The bout lasted about thirty minutes and bubbled with pep and scrap all the way through. Two four-round prelims with yougsters opened the show.

SMITH AND SEATON BARRED

Memphis, Tenn., June 21.—(Special.)—What is regarded by them as a sweeping victory for the seven clubs of the Southern league, opposed to the use by the Little Rock club of Pitchers Casey Smith and Tom Seaton, was scored at the meeting of the league directors here today. It also was viewed as equally a decisive victory for oJhn D. Martin, president of the Southern league, who, not only forced by a court order, approved the contract of Smith with the Little Rock club.

Bob Allen, president of the Little Rock club, conceded to practically every demand made upon him by the other directors. He agreed not only not to use either Pitcher Smith or Seaton, but not to have them in uniform during the game, pending the decision of the circuit court of appeals of Cincinnati, to which President Martin has appealed from the decision of Judge John E. McCall, of the federal court of West Tennessee, who granted the mandatory injunction of the Little Rock club compelling them to approve the contract of Smith. The contract of Seaton has been approved by President Martin, but under the same conditino as with Smith's, and Seaton is in the same status as Smith regarding his playing with the Little Rock club.

Victory for Martin.

The result of the directors' meeting is viewed as equally a decisive victory for President Martin, of the league. The seven diretcors, in opposition to the Little Rock club in this matter, placed themselves on record as sustaining President Martin in every action he has taken, including his interpretation of the constitution of the Southern league, in his opinion, that it gave him the right to approve or disaprove a player's contract, and in Martin's appeal of the case to the circuit court of appeals. A strong and emphatic resolution was adopted to this effect.

The majority of the league directors do not regard their victory as a temporary one, but a decisive and final one. The directors made absolutely no concession to the Little Rock club and did not bind themselves subject to any decision by the Cincinnati court. Plainly, the way the matter now stands is, that if the decision of the court of appeals is not agreeable to the league directors—or a majority of them—they are not bound to not reopen the case which they would, no doubt, likely do.

Charles Frank, president and manager of the Atlanta club, and who was instrumental in bringing the issue to a head when he refused to open his park for a game between Atlanta and Little Rock, when it is alleged Manager Elberfeld, of the Little Rock Travelers, announced his intentions of pitching Smith, was the only one of the eight directors who voted for an "open door" session. Tom Watkins, president of the Memphis club, and Jules Heinemann, president of the New Orleans club, did not vote, but the five others, J. A. G. Sloan, of Nashville; Strang Nicklin, of Chattanooga; John D. Logan, of Mobile; W. A. West, of Birmingham, and Bob Allen, of Little Rock, voted that newspaper men be excluded. However, the winning factions showed no reluctancy in discussing what happened and expressing their views.

Logan Named Chairman.

President Martin called the meeting to order, but shortly after retired. After reading the court decree, Martin, because of the order of the court and in obeying the court order, would take no part in any discussion of the Casey-Smith case. He admonished the directors to abide by the order of the court. President Logan, of the Mobile club, was made chairman of the meeting and J. C. Hutchinson, secretary of the Nashville club, named secretary of the committee.

There followed considerable argument and the offering of resolutions. Allen offered a resolution that the Southern league prove Smith and Seaton guilty of any wrong doing. The resolution was tabled. It has only Allen's vote. Charles Jacobson, attorney for the Little Rock club, argued at length on the innocence of Smith and Seaton. When he finished Charles Frank moved that Martin be sustained in appealing the case to the supreme court of the United States, if necessary. Martin has already signified his intention of fighting the case to the end in an effort to prove he was right in his opinion of the construction of the Southern league constitution in empowering him to approve or disapprove a player's contract.

Allen Agrees to Arrangement.

After considerable arguing pro and con, John D. Logan, chairman, came out plainly and asked President Allen what he was going to do about playing Smith and Seaton. Then Allen agreed not to have either player in uniform during a game pending the appeal to the Cincinnati court.

Allen after the meeting said: "I accepted Logan's offer for the best in erests of the Southern league. It is not my intention to injure baseball. I still believe Smith and Seaton are innocent. The circuit court of appeals, I believe, will uphold the decision, and I hope eventually to play both men."

Allen's statement that he hopes eventually to play both men is considered as having much weight. It is the belief that Allen will realize that the stand taken by the majority of the directors is a firm one, and that their sentiment is against allowing Smith or Seaton to come into the league, if for no other reason than that they are simply undesirable.

Watkins, of Memphis; West, of Birmingham, and Frank, of Atlanta, strung along together on everything that came up during the meeting.

Allen's motion for the Southern league to prove Smith or Seaton innocent was followed later in the day by Charlie Frank offering on behalf of the Atlanta club to subscribe $250 to a fund if Allen wanted to make an investigation.

Prior to the agreement, according to announcement given out at the end of a three-hour session behind closed doors, the league officials adopted a resolution declaring "the action of the president of the association in resisting the suit for injunction in the federal court and his further action in appealing from the action of the district judge be and is hereby sustained and approved."

Mr. Martin did not take part in the meeting. In his absence John D. Logan, president of the Mobile club, acted as chairman of the meeting which was attended by representatives of all the clubs in the league.

LITTLE ROCK PLAYERS PROPOSE WALK-OUT

Mobile, Ala., June 21.—(Special.) An effort to get players of the Mobile team to join in a proposed strike of all players in the Southern league because of the refusal to permit Players Smith and Seaton to play with the Little Rock team is under way. Captain Tommy McMillan, of the Mobile team, has received a telegram from Little Rock players asking if members of the Mobile team would join the walk-out. McMillan would not discuss the subject Sunday, but it is understood that after a meeting of the local players Little Rock was sent a telegram advising players of that organization that players of the Mobile team will not be a party to any such plan. The further information was conveyed to the Little Rock players that members of the Mobile team were loyal to their own club and to the league and would not join in any strike movement. The attempted strike is being engineered by players of the Little Rock club as part of the Smith-Seaton affair, and the refusal of the Atlanta club to engage in a game with the Travelers as long as the two players were in uniform when Charlie Frank, Atlanta manager, persisted in this move and for two days kept his park locked. Elberfeld and President Allen, of Little Rock, finally agreed to keep the two players out of uniform. Other players of the Little Rock team, it is understood, did not agree with this action on the part of the Traveler management and for some time refused to play unless Smith and Seaton were also allowed to take part in games. Later, however, they were pacified and the games with Atlanta staged, but the strike movement immediately followed. It is not believed that the proposed strike will gain any ground, and it is understood that the majority of the teams of the league have already announced they would not join the movement.

Mittwede and Brenner Continue

BY CLIFF WHEATLEY

Great Work in Georgia State

"Dutch" Mittwede, recently acquired by Hardin Herndon's Lindale club, of the Georgia State league, from Charlie Frank, went wild with his ash again yesterday and cracked out a homer that aided materially in Lindale's 7 to 0 victory over LaGrange. Mittwede is taking a wicked swing at the apple in the fast little circuit, and he'll probably be ripe for some team in the Southern to pluck next year. This is the second circuit drive he has made in his short stay with the Lindale club, and we understand the fans of that city are wondering why he fast pitching of Dixie's largest cricuits.

Having seen "Dutch" in action during the training period at Bay St. Louis, where he loomed as one of the most promising batters among the recruits, it is difficult to figure why he lost his batting eye after reaching the Southern league. Charlie Frank carried him along for several weeks, hoping that Mittwede would come back to his old habit of walloping the pellet, but the boy seemed unable to touch the fast pitching of Dixie's laragest circuits.

We understand that Prexy Frank is keeping a string or two on Walter and Herbert Brenner, who preceded Mittwede to the city where Hardin Herndon is holding sway on the diamond. In mentioning Brenner, we are reminded to note that the big first sacker handled seventeen chances at the initial bag yesterday afternoon, in addition to adding another clout to his long list of bingles.

Walter and Herbert are proving very valuable to Pilot Highpockets, and if the other teams of the circuit don't keep numerous eyes peeled, Herndon and his crew are going to come into possession of the bunting in the Georgia State league.

Golf Tournaments Planned for Future.

Followers of the ancient Scottish pastime in Atlanta will have ample opportunity to see some great games within the next few weeks. The qualifying rounds of the Duncan-Murphy trophy start at East Lake Friday, lasting through Saturday, and several charity tournaments for the benefit of the Home for the Friendless will be held during the months of June and July at three of the Atlanta golf clubs.

The East Lake tournament will be of the handicap variety, the second of the season at the country home of the Atlanta Athletic club, and if it's as popular as the Gude-Yates, and Willie Ogg says it will be, enough entries will be received to fill ten flights. The East Lake course, we are told, is in perfect condition, and we have a right to look for some good scores to be made.

Decision of Presidents Is Victory for Frank.

Charlie Frank, victor of many sanguinary tilts with the moguls of the Southern league, has apparently added another pelt to his collection, this time the victim being our old friend, Bob Allen, president of the Little Rock club, who made a brave, but futile defense of Seaton and Smith against the presidents of the other clubs of the league. It is hard to tell now what the decision of the final tribunal will be, but until the matter is threshed out in legal channels, Charlie Frank is complete master of the situation.

There will probably be a full investigation of the matter and the guilt or innocence of the players will be established, as it should be, before they are deprived of their right to earn a living in organized baseball. Mr. Frank subscribed $250 toward a fund to make this investigation, and that action proves the Atlanta magnate is interested only in keeping the game clean. We have been assured by Mr. Frank that there was nothing personal in the attitude he was assuming, but that he was actuated solely by a desire to keep the national pastime on the straight and narrow path.

"If Tom Seaton and Casey Smith are innocent of the charges hinted at by the San Francisco club," Mr. Frank stated recently, "I would be the first man in the Southern league to welcome them to this circuit. But I don't think it is good policy to have them on the roster of the circuit until they come with clean slates. Both men are good pitchers, and if they're innocent their work will greatly enhance the speed of the Southern league.

Frank Brazill's Hitting Will Be Missed by Locals.

Yesterday's announcement that Frank Brazill had been released by Charlie Frank to the St. Paul club of the American association was the subject of much comment in local diamond circles last night, and many fans of Atlanta are still mystified about the peculiar turn of events that yanked a .333 hitter from the fold of the Frankmen.

The writer had a long talk with Brazill last night and the second baseman seems to know less about his release than any man in this city. Brazill has been on the bench for more than three weeks, laid up with a lame arm, which hasn't healed completely at the present time. He states he wrote Connie Mack a few days ago asking that he be transferred from Atlanta, as his arm showed no signs of improvement, and he wanted to get some bonesetter in the east to work his magic on the soupbone.

Connie's reply to this letter was that Brazill was the property of the Atlanta club, and would have to abide by Charlie Frank's decision. The next news he received was that of his release. Brazill declared last night that, while the transfer to a larger league was in a way a boost, he would have preferred to stay with the Atlanta club, and would have raised no objection to sticking around, if any effort had been made to round his arm into shape.

There is little doubt that Brazill will be missed in the line-up. Just now, the combined stickwork of the Crackers totals around .238, and when the daily average shows that Brazill was clicking the pellet at a .333 gait, it takes no remarkable taste for mathematics to figure that his offensive strength will be a sad blow to the Frankmen in the home stretch for the bunting. He has made worlds of friends since arriving in Atlanta, and these friends will mourn his departure. It is understood he will leave for his new orchard this morning.

Look What 'Bunkum' Morris Did in Million-Dollar League

A few days after he had deserted that section of the Cracker bench usually given him to warm every afternoon at Ponce de Leon park, "Bunkum" Morris, who joined Zip King in a kangaroo comedy the other night, struck out 19 men in the Million-Dollar league, and won a shut-out game, allowing just one hit. "Bunkum" is now twirling for the Winder club, and if he keeps up that kind of work we're bound to regret that he left us. Morris is a good old boy, but the bright lights of Peachtree packed too great a glare for the lad, and he had to get out on the open road. He'll make good with the Winder club, and, although he took French leave from the local campfires, we can't help but wish him all kinds of luck; and the same statement applies to Zip King, who is drawing down a part of the huge amounts the North Georgia league is paying for good players.

ABEL READY FOR BATTLE WITH PERRY

By Joe Hatcher.

Walk Miller's gymnasium has corralled about the niftiest bunch of fighters in this section of the country. The fighters take workouts, which are open to the public before the baseball detail every afternoon. At present included in the Atlanta fighters are Jake Abel, Jack Connors, Larry Avera, Jack Denham, Battling Bailey, Kid Lucas, Stanley Meeghan, Freddie Boorde, Battlfling Barnett, Sammie Morris, Kid Young, Jack Shawkey, Eddie Leonard and the colored middleweight, Billy Hooper. Practically all of these fighters are scheduled for big shows on July 5 and have started active training with daily workouts to round into top shape. Their training rounds are fast and furious and gloves and wallops are not spared on the sparring partners in the afternoon workouts.

Larry Avera has disposed of his last two opponents by the K. O. method and will attempt to keep the good work going when he meets two headliners within the next two weeks. The blond Irishman is booked to meet "Dummy" Barrington, Birmingham champ, at the Birmingham Athletic club, June 30. Following the Birmingham mill he has a headline scrap with Frankie Nelson at Augusta July 5. Walk Miller assures local fans that Larry is right with the sleep-maker and will keep up his knockout record started in the last two fights when his opponents lasted two and three rounds, respectively.

Freddie Boorde is probably the hardest worker in the Miller arena at present, because of the top-heavy schedule that has been arranged for the crack feather within the next few weeks. He expects to capture three straight wins this week, including Stanley Meeghan in the deal.

Jake Abel, popular welterweight scrapper, is at present training in Walk Miller's quarters for his coming scrap with Jack Perry in Norfolk, Va. Perry is considered one of the leading welters in the game and a victory would put Abel in line for a battle with Jack Britton in the east. Abel's recent draw with Perry in the Norfolk ring caused a return match to be staged there between the two welter contenders.

Jack Connors, known locally as Battling Budd, is training in Atlanta, waiting for a call east from his manager, Joe Levy. However, a match between Avera and Connors in a local ring will probably be arranged for the near future.

Sammie Morris is mauling his sparring partners in such fashion as bids fair to cause a fast scrap with Battling Barnett Wednesday night. Sammy is strictly the fighting machine with a desire to stand up and deliver the K. O. wallop. He can hit telling blows with either hand, and is dangerous to Barnett's aspirations Wednesday night.

Indians Down Boston.

Cleveland, Ohio, June 21.—Cleveland retained first place today by defeating Boston, 3 to 2, in twelve innings, the first overtime game here this spring. The winning run was scored on O'Neill's double, Burns' sacrifice and Evans' single. Cleveland failed to make a hit off Harper until the fifth inning. Uhle pitched good ball, but was weakening towards the end and was replaced by Morton, who held the Red Sox hitless during the last two innings.

President Jim Dunn and Manager Tris Speaker, of the Indians, denied an offer had been made to the Boston club to trade Guy Morton for Harry Harper.

Morris Allows One Hit.

Monroe, Ga., June 21.—(Special.) Morris, pitching for Monroe against Madison, in the opening game of the series here this afternoon, gave up but one hit and struck out nineteen Madison batters, winning his game by the score of 7 to 0.

Only twenty-nine batters faced Morris in the nine innings. He walked one man in the second inning, and Gould, after two men were out in the ninth inning, broke up a no-hit game for Morris by driving out a hit to center field. The Monroe team played errorless ball behind Morris, and secured 15 hits off of "Slats" Foster, who kept the hits scattered, and had the Madison team not gone up in the first and fourth innings, would have kept the score down.

Jim White, former University of Virginia star, joined the Monroe team this afternoon and broke into the league by getting three hits out of five times at bat, driving two runs across the plate on two trips at bat.

SPEAKER OFFERS TO TRADE MORTON FOR HARRY HARPER

Boston, June 21.—An offer to trade Gury Morton for Harry Harper, both pitchers, was made to the Boston Americans by Manager Speaker, of the Cleevland lcub, today. The Red Sox maangement announced the offer was taken under consideration.

The Boston club has signed Outfielder Gene Bailey, who was released unconditionally by the Boston Nationals Saturday.

GEORGES OFFENCE STRONG

Monsieur Georges Carpentier, premier of European fighting talent, fis leaving a long strain of question marks behind on his exhibition tour over the country in his special Pullman. His speed and cleverness in the ring is amazing to fight followers who have been studying Carpentier in his recent exhibitions. The big question arises, what can the Frenchman do against a real fighter of the Jack Dempsey model, who carries a terrific wallop, speed and cleverness on a par with the wonderful Georges.

Carpentier's defense is the questionable part of his makeup. His present tour gives him a chance only for offensive work with his sparring partners, and in this line he looks especially fast, able to punch powerfully with either hand from varying angles. He uses a body shift and head movement in his defense, and at times looks weak on evading right and left hooks to the jaw. When starting his hard blows he leaves himself rather open to a fast hitter of the Dempsey type.

Georges, trim of body and sleek of hair and looking every ounce the society bug, will appear in his three favorites roles Wednesday night at the Auditorium. His first appearance will be as a movie star, the next as a society light, and lastly as the heavyweight champ of Europe and contender for the world's title. He is symmetrically perfectly built, though rather small for a heavyweight to tackle a man of Dempsey's size and power. He is in every sense the athlete, and has indulged in every form of sport from childhood. This lifelong adaption to training and study will be his strongest point against the champion.

Stanley Meegham and Freddie Boorde are training hard for the ten-round headliner at the Carpentier show. Both boys boast of one referee's decision, and are out for the telling victory Wednesday night. The old grudge between the two and between the stables of Walk Miller and Louis Most will add interest and life to the fight. Freddie will accompany the Carpentier special to Nashville, where he will meet Willie Colona in a ten-round bout as a prelim to the Carpentier exhibition there Thursday night.

Sammy Morris and Battling Barnett are scheduled for a ten-round setto preceding the Meegham-Boorde mill. Walk Miller declares Morris the find of the season, and expectations are that he will show up well Wednesday night. Four rounds by local boxers will open the show of thirty rounds of first-class boxing scheduled for J. Hume McDonald's Wednesday night show.

BLACK CRACKERS LOSE CLOSE GAME BY ERRORS IN 9TH

Coming from behind in the ninth, a rally, aided by errors, gave the Montgomery team a couple of runs and won the game from the Black Crackers, 7 to 6. A number of spectacular plays, fast fielding and timely hitting contributed to the interest of the game which was played at Ponce de Leon park yesterday afternoon before a large crowd, composed of a large percentage of white fans.

A notable exhibition was put up by Wingfield, the fleet center gardener of the Black Crackers, who made some pretty plays and hit a single an da triple out of three times at bat, coming at times when they sent men across the rubber. One of his plays was a circus catch of a line drive to deep left and a perfect peg to first, doubling a runner off that bag. The other play was a recovery of a hit to his garden, on which play he fell on his arm, but cut the runner off at third. He was forced to retire from the game after this play.

Cummings, playing first for the Montgomery team, pulled off some pretty plays around the cushion he was covering.

JOHNSTON IS VICTOR OVER BRITISH STAR

Wimbledon, England, June 21.—William M. Johnston, of San Francisco, the United States singles champion, the first of the Americans to compete in the British lawn tennis championship, scored an easy victory over J. M. Flavelle, the English veteran, here today in the opening round of the tournament for the title. Johnston won in straight sets b yscores of 6-2, 6-4, 6-2.

R. Norris Williams II., of Boston, United States champion in 1914 and 1916, also won his initial match, defeating N. Field, an English player of some reputation, 6-2, 6-1, 6-3.

The tournament has attracted 128 entrants, including the leading players of America, Australia, South Africa, England and continental Europe.

All four Americans who played in the opening matches defeated their opponents today, and were in no way extended during the contests. The match between C. S. Garland, of Pittsburg, and O. G. N. Turnbull proved the most attractive event of the day.

With good weather for the opening of the championships, a crowd of about 6,000 turned out. The American colony was well represented, and the American players had a most appreciative gallery.

A battle royal is anticipated tomorrow when William M. Johnston meets J. C. Parke, who is regarded among the strongest English players entered in the present tournament.

ATLANTAN WINS TWICE IN SINGLES

New Orleans, La., June 21.—(Special.)—Twenty-five matches in the opening round of the men's singles were played in the southern tennis championships at the New Orleans Lawn Tennis club today. One of the biggest upsets came in the defeat of Vivian Manning, of Greenville, S. C., by Frank T. Payne, a veteran southpaw player of this city, in straight sets, 6-4, 6-2. Manning was runner-up to Henry Bruns for the singles title of the Carolinas last week and was figured a leading contender.

W. M. Quillian, Atlanta, won two matches. He defeated Irving Saal in three sets. Score, 3-6, 6-4, 6-2. Then he won in straight sets from J. B. McGee, New Orleans; scores, 6-4, 6-1. Esmond Phelps, southern champion, eliminated J. V. Keeble, Jr., Nashville, in straight sets, 6-2, 6-4; Sidney S. Keeble, Nashville, defeated John L. Many, New Orleans, 4-6, 6-2, 6-1; Lewis Morrow, Memphis defeated S. B. Werms in a hard fought three-set match; score 6-3, 5-7, 6-3. Henry Bruns New Orleans, will be his next opponent.

T. M. Carethers, Chattanooga, defeated Rush Strong, New Orleans, 6-2, 6-3; then defeated W. W. LaGarde 6-3, 7-5. Alex Guerry, the other Chattanooga player, lost to D. B. Benjamin, New Orleans; score 8-6, 6-2. Carlton Smith, Atlanta, defeated P. A. Menhenny, New Orleans, 6-1, 6-1; Easton Mansfield, Atlanta, defeated R. N. Cleveland, Greenville, 6-4, 6-1; John W. Caldwell, Atlanta, was eleminated by James H. Monroe, Tulane; scores 7-5, 6-0. Play in the doubles start Tuesday.

Atlanta Osteopaths Prominent on Program Of Annual Convention

Dr. J. W. Elliott, of Atlanta, will officiate as first vice-president, and Dr. Elizabeth L. Broach, also of Atlanta, will demonstrate the use of the woman's model score card at the twenty-fourth annual convention of the American Osteopathic association in Chicago the first week in July, according to pre-convention announcement made Monday.

The most spectacular feature of the convention will be the first public demonstration of the newly discovered method of treating the eyeball osteopathically for the purpose of correcting errors of refraction. Dr. James D. Edwards, of St. Louis, the discoverer of this new technique, will give the demonstration and hold clinics.

From two to three thousand physicians, surgeons and specialists will attend. It will be the most important gathering in the history of this school of practice, as plans will be perfected to meet the campaign inaugurated by the old school to shut out the new practitioners from all hospitals and public institutions. Court procedure will be instituted to compel tax-free and publicly owned institutions to admit to their staff all legally registered practitioners regardless of their school, and to stop the conspiracy to induce graduate nurses to boycott the osteopathic profession. Osteopathic hospitals will be erected in those localities where osteopathic patients are refused admission to public institutions.

A. D. MOORE IS HELD FOR U. S. GRAND JURY

A. D. Moore, a real estate dealer in whose offices at 25 West Peachtree street, city detectives and federal officers found a large quantity of whisky Saturday, was held Monday for the federal grand jury under a $750 bond. He waived preliminary hearing before Commissioner W. Colquitt Carter.

It was stated Sunday in The Constitution through error that the raid occurred at the apartments 95 Luckie street. It has since been learned that the raid occurred at the West Peachtree offices. Tenants of the Luckie street address have asked The Constitution to correct this error.

ROOT PLAN FAVORED FOR COURT OF NATIONS

The Hague, June 21.—(By the Associated Press.)—The conference of international jurists appeared to be in a fair way today to an agreement on the adoption of what may be called the Root-Phillimore plan for a high court of nations. Though all arrangements are still tentative, the plan, which was submitted by Lord Phillimore, representing Great Britain at today's session, would give the council of the league of nations, which is controlled by the big powers, the right to name the panel from which the assembly of the league, in which all nations will be represented, would choose perhaps fifteen judges.

The assembly could accept the panel in its entirety or in part, or reject it and submit a panel of its own nominees. In the event of conflicts, those candidates who appeared in both panels would probably automatically be chosen, while the conference committees from the council and assembly would select the others.

Lord Phillimore and Elihu Root, former American secretary of state, are in harmony, it is said, on the adoption of this plan, which emphasizes the view long held by the American jurist and expounded by him before the conference, namely, that it is only by a compromise between the interest of the large and small nations that working arrangements for the high court can be reached.

The greatest desire of the jurists has been to preserve, if possible, complete separation of the political questions of the league from the abstract justice of a high court. The plan was submitted today only as a rough draft, and much is required to be done before it is worked out or adopted. But Baron Descamps, Belgian minister of state, and other jurists were inclined to treat it favorably, as the first real working basis yet submitted.

Lord Phillimore submitted a proposal for the recognition of the fact that in the world there exist several distinct types of law, such as the Spanish law, American law and Japanese law.

He suggested that judges be selected representing these types, the selection to rest with the existing court of arbitral justice at The Hague.

The answer!

YOUR taste never tires of Camels! No matter how liberally you light up, *Camels are always refreshing!* That's because they have the quality and because they are made to meet your taste! The longer you smoke Camels the better you like them—they are so unusual, so different from any cigarette you have ever tried!

First of all, Camels are an expert blend of choice Turkish and choice Domestic tobaccos. Camels blend, backed by quality, gives Camels their remarkable mellow mildness never before attained in a cigarette. Yet, Camels have delightful body that is satisfying to the most exacting smoker!

And, you can mark it down on this spot that you will greatly prefer Camels blend to either kind of tobacco smoked straight! You'll find Camels a revelation —no matter how you compare them with any cigarette in the world at any price!

Make a note, too, that Camels leave no unpleasant cigaretty aftertaste nor unpleasant cigaretty odor.

Just as soon as you really know Camels and their quality you will realize why we do not offer coupons or premiums. *Camels certainly tell you their own story in a mighty convincing way!*

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

New York, June 21.—Prospects for clearing weather were followed by a renewal of more or less general selling and the break of approximately 1 cent a pound in the cotton market here today.

Prices not only lost the improvement of late last week, but made new low ground for the movement, with October contracts selling down to 34.07, or the lowest price touched since publication of the end-May conditions. That delivery closed at 34.50, with the general list closing at a steady net decline of 95 to 105 points.

The market was weak from the opening. Evidently the buying movement of late last week had been based more upon fear that rainy weather would continue than upon a belief that there had been any serious damage. To crop prospects, at any rate, the outlook for clearing conditions, combined with lower Liverpool cables and unfavorable goods trade advices, led to liquidation by recent buyers and first prices were 24 to 37 points lower.

The selling became more active and general later in the day, as prices declined without attracting any support of importance, and stop orders were uncovered during the afternoon. Higher call money rates probably accounted for some of the Wall street selling, while there was also considerable pressure from New Orleans and other southern points.

July broke to 36.70, and December to 33.01, with the general list showing net losses of 95 to 116 points in the late trading. The close was only a shade up from the lowest on covering.

Manchester cables stated that the demand for goods was still very slow and that manufacturers were stopping looms in some instances owing to lack of orders, and with better weather in the south local traders seemed to be laying more emphasis upon unfavorable features in the general business outlook.

Port receipts today, 4,027; United States port stocks, 946,247.

Exports, 6,880, making 6,122,710 so far this season.

NEW ORLEANS COTTON MAKES HEAVY DECLINE

New Orleans, June 21.—Selling pressure opened the trading in cotton today and persisted throughout the session, the heaviest offerings coming in the last fifteen minutes of business, with the result that the close was practically at the lowest, showing losses of 103 to 115 points, July winding up at 36.75 and October at 34.00. The main reason for the selling was the apparently dry weather map and the forecast of dry weather for every state in the belt. Increasing the disposition to sell was the unfavorable foreign political news and the cablegrams from Liverpool stating that the market had weakened under favorable accounts from the Manchester textile mills.

The weather map was much less wet than expected, only scattered and light showers being indicated over the belt, leading to the claim that the rains at the end of last week were more favorable than otherwise, since they were not long continued. The opening was lower under private reports of a better turn in the weather, selling increased when the weather map was drawn and became more liberal after the posting of the forecast. Heaviest selling, late in the day, appeared to be due to the unloading of some of the long contracts taken on late last week when a spell of excessive rains was feared.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, June 21.—(Special.)—The rather substantial upward reaction in the latter part of the last week weakened the technical position of the market to a considerable extent. When foreign developments, therefore, took a better turn over the week-end New York was faced not only by a very much lower Liverpool market, but very substantial selling from that quarter. Advices from Liverpool indicated the unsettlement was due to heavy cancellations in Manchester, a falling off in the Far East, weakness of mill shares and the crisis in Turkish affairs, necessitating the sending of British troops and battleships. For a while the market held well, but when the weekly forecast indicated favorable weather for the week, with occasional showers, the south added to the selling, and prices worked off to a considerable etent. In the late trading there was heavy Wall street selling on a tightening of money, call money advancing to 10 per cent. Although believing that prices will ultimately do better, it is not out of place to point out that today's decline brought the market lower than the decline which was seen shortly before the publication of the last government ginning report. It is not unlikely, therefore, that a further break will take place, and for the moment we advise sales on any strength.

JOHNSTON BROS.

New York, June 21.—(Special.)—As rains over the belt did not materialize over Sunday, heavy liquidation resulted and also caused increased offerings from the south and abroad. The foreign news was also a little pessimistic, and as advices from New England continue to show reduced working hours and frequent cancellation of orders, we find buyers hesitating to support the market. In view of the unsettled general conditions, it seems to us that the trend is likely to be lower. Heavy liquidation has undoubtedly placed the market in a healthy condition, but if weather continues to show steady improvement we do not look for any advance in prices.

J. W. JAY & CO.

New Orleans, June 21.—(Special.)—A return to favorable weather over the belt caused a selling movement in cotton today which, after causing declines of about $2 a bale in the early trading, was continued with increased vigor during the second half of the session, with the result that the market closed at about the lowest levels and at declines of slightly over a cent a pound. There were no reactions of consequence from the downward movement. The weather map did not show as much rain as expected and the forecast called for dry weather in all sections of the belt, which gives the advantage to the short side for the time being. Heavy rains were reported in many localities in the belt Saturday and Sunday night, but during the 24 hours ending Monday morning moisture was only in the form of light and scattered showers.

DUGGAN & BOUDEN.

New York, June 21.—(Special.)—In response to Liverpool cables sharply lower due and decidedly more favorable weather over the week-end than had been anticipated, considerable selling developed early today. Professional map readers take the view that the outlook is good, and this brought forth increased selling. In the meantime private crop reports show improvement, and this, taken in conjunction with the most unsatisfactory situation in the dry goods markets, influences prices downward.

ORVIS BROS. & CO.

New York, June 21.—(Special.)—Liverpool was sharply lower than due this morning and our market found heavy selling orders from the English market in evidence at the opening. It is reported that the trade is very bad in Manchester in consequence of the eastern cancellations, and the political news between Ireland, India and Balkans is none too clear. These cables advices offset the heavier rains which fell in Alabama and Georgia over Sunday, and brought a sharp decline in our market. We would call your attention to the fact that we went into new ground today, for this is the first time the market has gone under 34.30 for October. A good deal of July liquidation is also in evidence, and this adds to the bearish feeling which now is dominant. Some further decline in prices with good weather is probable, but we would call your attention once more to the fact that the short interest will not increase once more.

HUBBARD BROS.

New Orleans, June 21.—(Special.)—The unfavorable features of the situation are the high interest rates, business contraction, improving crop accounts, easier cotton goods and warlike conditions in eastern Europe. Favorable features are higher foreign exchange rates, steady silver, Oriental crisis less acute, possibility of increasing damage by weevils to some of the recent wet weather and the comparative low condition of the crop, for while it is likely better than one month ago, it will probably compare unfavorably with previous years for this period of the year. Advices from Texas are to the effect that the recent rains are beneficial except in south portion, and it is believed that the average condition of the crop improved about 10 points during the past month, when it was 60. By reason of the recent unfavorable political developments abroad, there are two sides to the market at prevailing prices. New York appears to remain pessimistic as to outside conditions and Liverpool has been selling today because of same feeling in Manchester due to unfavorable trade outlook.

H. & B. BEER.

New Orleans, June 21.—(Special.)—The cotton market today was as weak as it was strong on Saturday last. Clearing weather over Sunday, together with very unfavorable foreign political news, induced heavy selling of the new crop months, while there was also considerable liquidation of the outstanding long interest in the July position preparatory to first notice on that month next Friday. The market held up fairly well during the morning session, but the selling pressure became too great in the afternoon and prices broke sharply in the late trading, when October contracts sold as low as 33.97. The market closed steady, with prices practically on the bottom and showing a net loss for the day of 115 points on July and 106 points on October. Spots locally ruled quiet and 25 points lower on all grades, the liquidation and short selling that took place today helped to strengthen the technical position of the market. Trade interests appear to be absorbing contracts around present levels, and we advise buying on any further break, as we still think that declines will prove only temporary.

SLIGHT ADVANCES ON STOCK MARKET

Despite Burdens, Shipping, Steel and Food Issues Gain—D. L. & W. Jumps 12 Points.

New York, June 21.—An unfavorable bank statement, a sudden hardening of money rates, resumption of the "outlaw" railway strike and signs of fresh complications in the eastern European situation were among the burdens imposed upon today's irregular-to-heavy stock market.

Although the deficit revealed in last Saturday's statement of the clearing house was primarily due to heavy tax payments and, therefore, subject to speedy correction, the loss of reserves was directly responsible for today's money flurry. Call loans rose to 11 per cent in the last hour, when the market was most reactionary.

The strength of sterling exchange was almost the only constructive development of the session, although still unsupported by the evidence of immediate gold imports from London or the Far East.

Financiers with important international connections attached little credence to reports that recent accessions to the Bank of England's bullion holdings represented French gold. More likely, it was believed, the gold came from British provincial institutions.

Shippings, steels and food issues, as reported by the sugar group, contributed mainly to the occasional upward trend of the market, with a sprinkling of chemicals and textiles. A 12-point advance in Delaware, Lackawanna and Western was reduced to 2 points at the close.

Liberty bonds were irregular, but internationals and the democratic list, as a whole, eased fractionally. Sales, par value, aggregated $11,450,000.

Old United States 4s rose ¼c on call.

CORN STILL SOARS, DESPITE SELLING

Smaller Receipts Resulted in Fresh Upturns. Finish Was Unsettled at 1-2 to 1 1-4 Cents Net Gain.

Chicago, June 21.—Breaking of high price records for the season continued today in the corn market, despite aggressive selling. The new upturn of values appeared to be due chiefly to the fact that receipts were much smaller than had been looked for.

There was an unsettled finish at ½ to 1¼c net advance, with July $1.82 to $1.82¼, and September $1.72 to $1.72¼.

Oats closed unchanged to quarter-cent higher. Provisions lost 5 to 10c.

Bulls in corn had the advantage throughout the day except at the opening. Weakness at the outset was occasioned by fresh strike troubles on eastern roads and by consequent embargoes against freight shipments. Active commission house buying, however, found the market responsive, and notwithstanding that subsequent fluctuations were numerous, the general trend was upward.

A good deal of the heavy selling on the bulge was credited to a leading eastern speculator. Friends of higher prices had to contend also with the generally accepted opinion that receipts tomorrow would be fairly liberal, and that more grain was in transit than many traders would of late have deemed probable.

Favorable crop reports kept the oats market relatively easy.

Lower quotations on hogs weakened provisions. Packing interests were sellers, and gave special attention to lard.

Provisions.

Chicago, June 21.—Cash:

Pork, nominal.

Lard, $20.30.

Ribs, $17.50@18.62.

White Potatoes.

Chicago, June 21.—Potatoes weak; southern Triumphs, sacked, $7@7.50; eastern Cobblers, barrels, $11.75@13.

Sugar.

New York, June 21.—The local market for raw sugar was very quiet and the only business reported was a sale of 2,000 bags of dull duty sugar in port at 18¼ C. I. F., which is unchanged from the previous sale. Cubas were unchanged at 18½ cents, cost and freight, equal to 19.56 for centrifugal, with no sales reported.

The market for refined was unchanged at 22 to 24 cents for fine granulated, with a good inquiry reported, while refiners are still limiting their allotments.

There was a sharp break in sugar futures under renewed liquidation, prompted by the weakness in other commodity markets, and a belief that the increased offerings from outside sources would eventually bring about further declines in the spot market. Closing prices were 65 to 99 points net lower, with trading quite active.

Cotton Seed Oil.

New York, June 21.—Cotton seed oil was some weak, closing 30 to 40 cents lower. Aside from short covering, there was no support in evidence. Sales 18,100 barrels. Crude markets were steady; prime crude $14.00 bid; prime summer yellow, spot $15.00 @15.75; July $15.65; September $16.58; December $16.16. Prime winter yellow and summer white nominal. The market closed steady; June $15.00; July $15.65; August $16.10; September $16.58; October $16.58; November $16.10; December $16.16; January $16.00. Total sales 10,100.

SHAWINIGAN COMPANY HAS BIG CAPACITY

The Shawinigan Water and Power company of Canada is an up-to-date illustration of the tremendous steps which have been taken in the development of hydro-electric properties. This company has succeeded in successfully "harnessing" a comparatively large river. The company's main plant is located at Shawinigan falls on the St. Maurice river, Canada.

The Shawinigan properties have now been developed to such an extent that the company is today serving with light and power a population of 1,500,000, equal to about 17 per cent of the population of Canada. The population served includes the cities of Montreal and Quebec. The company owns or controls water powers in the province of Quebec of a capacity of 643,700 horsepower, or about what is now developed in all the powers of Niagara falls. This horsepower has already been developed to the extent of 333,700—310,000 being undeveloped.

Hydro-electric securities are ranked among the highest grade by many of the strongest financial institutions, such as trust companies and insurance companies.

NEW GOODYEAR STOCK ATTRACTS INVESTORS

The recent offering of stock in the Goodyear Tire and Rubber company is being favorably received by southern investors generally, according to an official of the Securities Sales company, which is in charge of the southern distribution. The offering includes $20,000,000 7 per cent cumulative preferred stock and $10,000,000 common stock with a par value of $100. Details of the offering show that Goodyear has paid cash dividends of 12 per cent each year on the common stock since 1908, and in addition liberal stock dividends have been paid. In 1920 a stock dividend of 150 per cent was declared.

Securities Sales company, of which Berry H. Collins, of Atlanta, is president, is offering Goodyear stock in blocks of three shares, consisting of two shares of preferred and one share of common at $300 per block.

NEGRO MURDERER IS SHOT TO DEATH

Philip Gaithers Said to Confess to Killing Savannah Girl—Breaks Chains and Mob Fires Upon Him.

Savannah, Ga., June 21.—Breaking away from a tree to which he had been tied by a chain when a match was applied to the gasoline which had been poured over him, Philip Gaithers, negro, was shot to death today by a mob of several hundred people near Rincon, Effingham county, where the body of Miss Anza Jaudon, whom he was charged with having killed, was found ten days ago.

Chased by infuriated citizens, officers of three counties and track hounds, the negro was captured early today near Stilson, in Bulloch county, and returned to the scene of the crime. When the capture became known, hundreds of people gathered to witness the execution. The negro is said to have acknowledged his guilt.

Arriving at the point where the body of his alleged victim was found, he was chained to a sapling, gasoline poured over him and a match applied. As the flames enveloped his body, he made a powerful lunge and broke away from the tree. At that moment hundreds of shots were sent into his body.

Gaithers went to the home of Buck Stevens, a negro, living near Stilson, this morning and asked for food. Stevens notified the authorities and Gaithers was captured as he was making for the woods.

Home Guard Too Late.

Gaithers was arrested shortly afterwards and placed in an automobile to be taken to Rincon, where the girl's mother lives. He was unarmed when placed under arrest, although several shots were fired at him.

The home guard of Savannah was en route to the scene to protect the negro when the lynching took place.

The crime charged to Gaithers was the brutal murder of Miss Anza Jaudon, 17 years of age, who had been in Savannah with her sister and was returning on a Friday for the week-end. Finding no one at the station to meet her, she started to walk the two miles to her father's house.

Crime Stirred People.

Her father telephoned to Savannah the following Monday to learn why she had not come. Being told that she had taken the train for home Friday, a search was instituted. The body was found in the woods near the road, within 500 yards of the home. The throat and arms were bruised and the skull crushed. Tracks in the sand on the roadside indicated a struggle.

Gaithers was missing from his home. He had not been seen since Friday. Circumstances pointed to his guilt. For a week he evaded posses, officers and hounds, dodging out of swamps to procure food and disappearing again. The brutality of the crime and the long, continuous chase had so frenzied the people that there was but scant hope that Gaithers would ever reach a jail.

The crowd that witnessed and participated in the lynching dispersed immediately after the negro was killed, many persons carrying with them souvenirs. Late comers gathered about the place and discussed the crime, chase and lynching, but there was no disorder.

One man, N. J. Hendrinks, a contractor of Oliver, Ga., was accidentally shot in the leg by a stray bullet.

Etheridge Honored By Baraca Class Of Sunday School

Harry A. Etheridge, Sr., prominent Atlanta attorney, and teacher of the Baraca class of the Tabernacle Baptist Sunday school, was honored by his class Monday night with an elaborate banquet at the tabernacle. More than 100 members were in attendance, and the affair was highly enjoyable.

Five years ago, when Mr. Etheridge assumed leadership of the class, its membership was about 20. As testimony of his energetic efforts

H. A. ETHERIDGE, SR.

and zeal in his undertaking, the class now has a membership of 175, and its roster continues to increase.

Dr. Joseph Broughton, superintendent of the Tabernacle Sunday school, presided as toastmaster. A delightful menu was served and several speeches were made. The program also included several special musical numbers.

The first address was made by H. M. Booth, whose topic was "What Our Teacher Means to Us." Mr. Booth declared that Mr. Etheridge's influence over the lives of his pupils had menat much for them in their daily lives. Neill LeGette spoke on "The Great Possibilities of Our Class," and an address on "Our Obligation to the Sunday School and Church," was made by C. B. Keesling. "The Great Opportunity We Have to Serve Christ," was the the subject of a speech by W. A. Grubbs.

Testimonies of love and esteem for their teacher were made by many members of the class. Mr. Etheridge responded speaking on the subject, "What You Mean to Me."

WAR DEPARTMENT MAY INVESTIGATE

Continued From First Page.

will be called upon to identify the men.

The raid occurred about 10 o'clock Sunday night. Pickelheimer had been arrested in College Park Saturday on the charge of using profane language in the presence of women. Later he was turned over to non-commissioned officers of Jessup and was taken to the camp. On leaving it is stated that he threatened to kill Chief of Police Bell at the first opportunity offered him.

Arrested Second Time.

Apparently he was not put under arrest at the camp or if so, his period of incarceration was not a lengthy one, for he was arrested again Sunday by Chief Bell in College Park, for using profane language in the presence of women. On this charge he was locked up on orders of the mayor.

Sunday night more than twenty soldiers, armed with picks, shovels, files and other weapons, attacked the jail, broke off the locks and took Pickelheimer away with them. He is now being held for an investigation of his alleged offenses by camp authorities, it was stated Monday.

An informal hearing on the jail breaking was held at the camp Monday morning, at which a number of witnesses appeared and at which Colonel Leavitt, commander of the camp, promised his full cooperation and assured town officials that if the guilty men were found court-martials would follow.

Promises Punishment.

Captain R. P. Glassburn, one of the officers in charge of he investigation, stated that no efforts would be spared to bring to trial each soldier who participated in the affair, and that while a number of men were suspected, the camp authorities had no positive evidence at present. He said the act committed by the men was a serious offense, and that all would be dealt with severely when found.

An explanation given of the raid by Captain Glassburn during the morning hearing follows: Two prisoners escaped from the guard house about 10 o'clock Sunday night and Lieutenant W. N. Austin, officer of the day, turned out about fifty soldiers to scour the countryside for the missing men. Under the screen of this group of soldiers, it is my opinion that pals of Pickelheimer went to College Park and broke the lock of the jail.

"They then returned to camp, and now our job is to find the ringleaders, which you will admit is somewhat difficult. There was no rioting. Although some shots were fired, this cannot be attributed to the soldiers who broke into the jail.

"I want to assure the authorities of College Park that we will co-operate with them in punishing these men and all others who violate the law."

Following the hearing, Sergeant Boyd C. Swats was ordered restricted to the camp pending further investigation.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter, Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep trim in body and keen in intellect. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

LYKO

The Great General Tonic

will banish that "tired feeling" and dispel that worn-out look. It will renew your strength and vigor, overcome the ravishing effects of overwork and worry, revive your spirits and increase your hold on life. Being a refreshing appetizer, a valuable aid to digestion and a worthy promoter of the general health, because of its positive revitalizing and reconstructive value, its use is especially desirable in cases of subnormal conditions. If you suffer from nervous exhaustion, muscular or mental fatigue or deficiency of vital force due to general weakness or wasting illness, you'll find "LYKO" particularly beneficial. It tones up the entire system and keeps you feeling fit. Ask your druggist for a bottle today.

BURNING STREET CAR MEETS FIRE WAGONS HALF WAY

The spectacular sight of a burning street car speeding to meet the fire department apparatus to have the blaze extinguished, thrilled a large crowd Monday morning.

It was Forrest avenue-Capitol avenue car No. 213, and had caught fire while en route to the city from Forrest avenue. It came rushing down Peachtree street to Auburn avenue, where quick work by the firemen ended the blaze. The fire was said to have been due to defective insulation of wires.

JOE RUFFIN TRIAL SET TO BE HEARD OCT. 26

Millen, Ga., June 21.—(Special.)—News has reached Millen that the trial of Joe Ruffin, now in jail in Chatham county for the murder of Officers Brown and Stephens, in Jenkins county, during April last year, will the Tuesday, October 26. Ruffin was never tried in Jenkins county, but the case was carried to Chatham by change of venue granted by Judge A. B. Lovett, of Ogeechee circuit. The case was tried in Chatham superior court the early part of this year and the negro, Joe Ruffin, was sentenced to hang by Presiding Judge Peter W. Meldrim.

A motion for a ne wtrial was duly made by attorneys representing Ruffin, and after carefully considering the matter, Judge Meldrim granted the new trial several weeks ago and only recently set the date.

DODSON WARNS CALOMEL USERS

It's Mercury! Attacks the Bones, Salivates and Makes You Sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you. —(adv.)

21½ ACRES 9 miles from center of Atlanta and just off national highway and fronting on public road; railroad accommodations into Atlanta. Has a 6-room cottage, large barn, chicken houses, smokehouse and numerous other outbuildings; 5 acres in timber; 4 acres good pasture with running water in same; 3 acres branch bottom and the balance of tract under high state of cultivation. We can give possession of the house, fruit and garden on January 1. Price $7,500; terms. Brotherton & Callahan, 248 Peachtree Arcade, Atlanta. Main 3503.

390 ACRES, 2½ miles Holcomb, Ga.; 4 miles Marble Hill. Improvements consist of a 10-room home place, large barn and plenty outbuildings; 95 acres of this tract in cultivation and some 200 acres practically level; 275 acres in timber; fronting on good public road; schools and churches convenient. We can show you some as level land and as productive as you will find in Georgia. It is a mistaken idea that north Georgia is all rough and rolling. All we ask is for you to inspect this section and you will be convinced. Here is a bargain for the right man, as the same land in any other section will sell for twice as much and produce about one-half. Price $10,000. Brotherton & Callahan, 248 Peachtree Arcade, Atlanta. THREE MEN ARE SHOT DURING STRIKE RIOT

Waterbury, Conn., June 21.—Three men were shot during a riot near the Scoville Manufacturing Company's plant here today. The wounded are Lieutenant Richard LeRoy, of the police department; John J. Bergin, of the company's protective force, and a striker, name unknown.

The trouble began with a gathering of strikers during the noon hour, induced, the police believe, by reports that had been current that the Scoville company was to bring in strikebreakers. The wounded striker is not expected to live.

COLBY AND WILSON IN FINAL MEETING

Following Conference and Before Leaving for San Francisco, Colby Declares for League Without Nullifying Reservations.

Washington, June 21.—Bainbridge Colby, secretary of state and delegate to the democratic national convention from the District of Columbia, held a lengthy conference today with President Wilson before leaving for San Francisco tonight.

Colby, with Senator Carter Glass, of Virginia, is to be chief spokesman for the president at the convention. The administration forces are said to have picked him for the permanent chairmanship.

Following the conference with Wilson, Colby declared he was in favor of the league of nations and ratification of the Versailles treaty "without any reservations that are nullifying."

"I don't believe that the document requires any interpretative reservations. The document, in other words, is so clear that interpretive reservations can hardly be urged as necessary," Colby said.

"However, if reservations or paraphrases will clarify, there is no objection to them, but reservations which will stultify the main purpose of the league and negative the substance of the covenant, are things which no man, solicitous about America's honor, can take into his reckoning."

Third Term Discussed.

As the convention draws near the topic most discussed among politicians in the capital is whether or not President Wilson is a candidate for a third term. The absence of any declaration from the white house, in face of frequent stories that Wilson wants another term, is used to strengthen the argument of those who assert he will endeavor to retain his office.

Many observers of both parties point to the president's ill health as making ridiculous any third term talk, and assert the president has no such ambition. But others believe firmly he is seeking the nomination. Doubt is apparent on every hand.

Pictures for which the president posed in his study appeared today. Some of them showed him seated at his desk in the act of writing. Those who assert the president wants to remain in the white house said these pictures were an effort to prove to the country that he is in proper physical condition for another term.

To Assist Glass and Colby.

Glass and Colby will have as their assistants at the convention several cabinet members to make administration influence felt. They are Secretaries Daniels, Burleson, Alexander, Meredith and Palmer, although it is assumed the latter will be concerned chiefly with his own affairs as a candidate.

The president will keep closely in touch with the convention by wire. Stories that there would be a direct telephone line constantly available were denied, and white house attaches showed a disinclination to discuss the methods of communication. Secretary Tumulty talked to Homer S. Cummings, who is in San Francisco, by telephone today, and reported that the conversation was carried on without difficulty.

It is understood the president will have access to a direct telegraph wire throughout the sessions of the convention, and will resort to the telephone where he thinks immediate and direct communication is required.

"Peacock Alley" Will Be Feature Of Hotel Annex

Plans for Addition to the Georgian Terrace Hotel Outlined by W. L. Stoddart Monday.

For work on details of the plans for the new annex to the Georgian Terrace hotel, W. L. Stoddart, prominent New York architect, who has to his credit in Atlanta the designing of the present Georgian Terrace hotel, the Hurt building, the Winecoff hotel, the Ponce de Leon apartments and other handsome structures, arrived in Atlanta Monday morning.

Tentative plans of the new structure which will face on Peachtree to supplement the hosterly at Ponce de Leon avenue and Peachtree street were discussed by Mr. Stoddart Monday. The proposed first-floor plan of the combined present hotel and annex will create one of the best appointed hotel entrances and entertainment sections in the United States.

Oval Shaped Ball Room.

An enormous oval-shaped ball room, to join with and center upon the present dining room, is a prominent feature of the proposed plan. Back of the ball room will be prepared a sunken garden, enclosed, probably, with stone walls and lattice work. Dividing the ball room from the garden there will be constructed a pergola porch, which will run to the south and join the porch on the Ponce de Leon side of the present hotel. This, with the extended terrace on the Peachtree side of the dual structure, will completely surround the hotel with a terrace except on the north property line.

Running between the annex and the main building, according to the tentative plans, will be a glass-covered promenade, or sort of "peacock alley," which will lead south from the Peachtree entrance and give upon the pergola porch and the sunken garden. The mezzanine floors of the annex and the present hotel will be merged, and include a balcony above the new ball room, which is to be erected two stories in height.

Facade of Annex.

The facade of the annex will be built to conform exactly with the front of the present Georgian Terrace hotel, and the main floor will be designed with a particular view to securing facility and appropriateness in entertaining. Also proposed are the use of the room on either side of the main annex entrance respectively for a ladies' recention room on the left and a smoking room on the left.

Mr. Stoddart leaves Tuesday morning for LaGrange, in connection with the proposed erection of a handsome new hotel in that city, and expects to return to his home in New York Wednesday. Complete plans for the new annex should be ready in three or four weeks, he said Monday.

POPULATION FIGURES BY THE CENSUS BUREAU

Washington June 21.—Population figures announced by the census bureau include:

Yonkers, N. Y., 100,226; increase 20,423, or 25.6 per cent.
San Diego, Cal., 74,683; increase 35,105, or 88.7 per cent.
Sioux City, Iowa, 71,227; increase 5,035, or 48.3 per cent.

League of Nations Not Supreme Issue, Says Ex-Senator Lewis

Chicago, June 21.—James Hamilton Lewis, former United States senator for Illinois, and candidate for the democratic vice presidential nomination, announced today the platform he will advocate. He said he could not agree with President Wilson's statement in a recent interview that the league of nations was to be the supreme issue. Measures for "the relief of the United States" must be proposed, leaving Europe and foreign countries to be taken up in due time.

"The league of nations and peace treaty should not be treated as a sacred document, but treated as a subject to such amendment as the needs of our country and justice to the victorious and defeated people demand," Mr. Lewis declared.

Mr. Lewis' platform declared in favor of the government taking the railways, waterways, telegraph lines, oil and coal lands from monopoly and assuming control of the people, the method of operation to be by private or public agency, as the conditions of each concern may warrant.

Other planks demanded protection for Americans in foreign lands, and for Ireland "the fullest aid our institutions permit."

CRUISER SQUADRON BASED ON CANAL ZONE

Washington, June 21.—A special service squadron of cruisers and gunboats, to be based on the canal zone and held available for duty in Mexican, Central American and adjacent waters, is to be organized about October 1, it was announced today at the navy department.

"The formation of this squadron," said the department's announcement, will allow vessels to be in readiness at all times for any special service that may be called for, and will relieve the commanders-in-chief of the Atlantic and Pacific fleets of the necessity of from time to time drawing away vessels of their fleets from legitimate duties, and interfering with progress of target practice, maneuvers and other drills. The headquarters of this special service squadron will be the canal zone, and it will be capable of operating on either or both coasts, as occasion may require.

The squadron will be commanded by a flag officer and its probable make-up was announced as follows:

Cruisers Dolphin (flagship), Cleveland, Denver, Galveston, Tacoma and Des Moines; gunboats Asheville and Sacramento, and the patrol yacht Niagara.

KING

Faithfulness with "Dash"

RUGGED construction does not sacrifice style and smartness in this pioneer Eight.

Its power, strength and reliability passed the rigid government tests, yet its graceful lines and rich finish give it quick favor with women of taste.

Faithful performance is attested by owners the world over; its elegance and beauty can be confirmed by an inspection at our display room.
